Criterion I: Curricular Aspect

1.1 Curricular Design and Development

1.1.1 State the objective of the institution and the major considerations addressed by them?

The Shri Guru Nanak Khalsa shikshak prashiskhan Mahavidalaya, Hanumangarh Jn has distinct and community oriented objective to serving the society and the nation.

Objectives of the Institution

Intellectual - To equip the student teachers in bringing desired social changes and to develop skills to work in future for the welfare of the society and social cohesion by achieving intellectual stability and creating new knowledge in the 21st century.

Academic - The pupil-teachers are expected to understand the importance of objective based instruction and to develop skill in teaching by assimilating the purpose of analyzing the subject to be taught.

Training - The broad objective of training is to empower the prospective teachers for effective teaching, research, extension and consultancy.

Access to the Disadvantaged - The institution aims at the general uplift of the disadvantaged groups such as, students from weaker section of society, students from SC/ ST/ OBC communities and physically challenged.

Equity - Providing equal opportunities to all students without any discrimination such as caste, religion, economic condition etc.

Self Development - The student teachers are expected to become acquainted with different methods of teaching, different methods and techniques for assessment and to acquire skills in teaching.

Community and National Development - To equip the student teachers by developing various practical skills that help them to perform the social responsibilities entrusted on them, leading to Community and National integration.

Issue of Ecology and Environment - To develop the understanding, importance of environmental education, develop a sense of responsibility towards conservation of environment, bio-diversity and sustainable development in this era.

Value Orientation - The student teachers are expected to review the modern system of education in the context of education in ancient period and appreciate universal values as well as national values and absorb them in their lives to instill them in the next generation in this era.

Employment - The prime aim of the institution is to develop the student teachers to become effective teachers who can face the challenges of the future society.

Global trends and Demands - The Pupil teachers are expected to become capable of applying modern techniques and practices in teaching by obtaining a total perspective of the role of technologies in modern educational practices.

1.1.2. Specify the various step in the curricular development process.

The institution is affiliated to Maharaja Ganga Singh University, Bikaner. A college affiliated to a university does not have the freedom for curricular design so institution does not involve in curriculum design. The curriculum designed by the Maharaja Ganga Singh University, Bikaner has to be followed by the institution. The modification made by the University is brought to the action by affiliating institutions.

Institution has eminent educationist Dr. Shri Ram Choudhary as a source person to monitor, review and suggest the modifications in the existing curriculum of B. Ed. course. In his dynamic guidance “Curriculum Review & Reform Committee” was established at the college level in 2009-10. The committee comprises of subject experts teacher in each subject i.e. Hindi, English, SST, Science, Mathematics and foundation courses.

The committee invites the feedback and suggestions about the existing curriculum of the course from all the faculty members, pupil teachers of current session, teachers and head of the practice teaching schools and academic experts on prescribed format/questionnaire.

After getting, compiling, analyzing and evaluating the feedback, the suggestions are recommended to the Maharaja Ganga Singh University, Bikaner, i.e. statutory academic body, for amendments / modifications in the syllabus and curriculum.

1.1.3. *How are the global trends in teacher education reflected in the curriculum and existing course modified to meet the emerging needs?*

The role of teacher educator and Pupil teacher has been redefined us to the global trends and emerging needs of the schools children. Through a balanced blending of traditional methodology with ICT and new technology, we prepare the student–teachers to become independent, creative and confident enough to face the world. The institution and faculty members are prompt in guiding the student –teachers to integrate the technology like OHP, multimedia Projector, Slide Projector, Internet, Computers, Radio, T.V & Other audio-visual aids with face to face sessions to present the content effectively.

Teacher educator demonstrates and justifies the judicious use of appropriate methodology in handling and mastery learning in ICT use. The faculty

members are the 'Model user of ICT'. They make good use of power point presentations and project based instructional resources for instructions, orientation & for conducting different curricular and co- curricular activities in the college. The student teacher imitates and learns different skills during their work education classes especially during Chalk Board Writing, Handling of equipments & preparing teaching aids.

In the era of 'Smart Class Concept', Institution has introduced the ICT in education theory and practice as well. Teaching practice sessions has been enriched with Information Technology experience and exercises for B. Ed. student teacher in the Government & private Middle and Secondary Schools of Hanuman garh Junction. They had an exposure to Gyandarshan & Gyanwani programmes and they teach their classes with these means.

Besides ICT, the emerging need is value enriched teacher. The institution has a value oriented system of working. We initiate the session with Hawan. Morning assembly is organized by student teacher of respective "Sadan or House" on every day.

The captions, thought of the day, prayer and role models, code of conduct of teachers are exemplary for student teachers. They discuss and share their views on various religious, spiritual & moral ideals. The Director, Principal and all faculty members are leading examples. They review the code of ethics regularly to maintain values in the behavior of the student teacher.

Various co-curricular activities spontaneously encourage the student teachers to learn in team work and integration.

The personality development and communication skills are also in demand globally. So, the institution provides the exposure to the student teacher through its cultural, sports and literary activities to acquire these skills and groom their personality.

1.1.4. How does the institution ensure that the curriculum bears some thrust on national issues like Environment, value education and ICT?

The curriculum of the B. Ed. course bears thrust on National issues like Value education, Gender equality, Human rights, Equality, Social cohesion, Secularism, Environmental degradation, National integration, Population explosion, Women education, education of disabled children and ICT.

There are compulsory and optional papers in B. Ed. Course in which the issues related to national concern are discussed in detail. The main subjects of B. Ed. course which focus these issues are:-

Computer Education

As the use of Information and Communication Technology in teaching-learning becomes a major requirement for every teacher at school level as well as at college level so, one must have the knowledge of basics of the computer & ICT. To achieve this objective the curriculum of the B. Ed. course provides Computer Education as an optional subject. In this paper the basic knowledge about the computer: its history & development, types, functioning, input- output & processing units, operating system, hardware & software, knowledge about various learning packages, creating & editing documents, using Internet, E-mail, Website, Networking etc. is provided with appropriate theoretical and practical sessions.

Population Education

The Special paper Population Education deals with the following aspects:

Concept, Scope and Objectives of Population Education, population situation in World and in India, population policies, strategies and family welfare programme in India and their impact, strategies of incorporating population education in school curricula of state board at elementary & secondary level etc.

Environmental Education

This Special paper is directly related to the major concerns with the environment. This paper deals with need & objectives of Environmental Education, curriculum development in environmental education, components of environment, global environmental issues, Depletion of ozone layer, global warming, pollution (Soil, Water, Air & Noise) and other miscellaneous environmental issues like Forests & their conservations, wildlife & its conservation, conservation of energy resources, alternate energy resources, waste management, population & environment and Indoor Environment.

The teaching methodology & class room interaction along with the practical and various activities like celebration of various events, festivals, tree plantation & competitions etc. ensure the results in thrust areas of education and society.

1.1.5. Does the institution make use of ICT for curricular planning? If yes give details.

Yes, the institution makes adequate use of ICT for curricular planning since its establishment. Principal Dr. Shri Ram Choudhary arrange and ensure that curricular events must be recorded since its planning stage.

Mainly academic calendar, year planner, time table, committee structure and their functions, important rules, norms, circulars, notices, different groups like tutorials, houses, work education & work experience, proceedings, agendas and findings of staff meetings, various clubs and activities, sports and cultural events are to be organized, the rewards & recognitions criteria/schemes/strategies, library & labs material, requirements & their stock check etc. house exams & annual exams, seating plan, staff duties are planned with the help of ICT.

Demonstration lessons by teacher-educators and micro teaching and practice teaching lessons by Pupil teachers are planned and presented with the use of LCD & OHP.

1.2 Academic Flexibility

1.2.1. How does the institution attempt to provide experiences to the students so that teaching becomes reflective practice?

The institution provides a wide variety of learning situations to the student-teachers according to the need and requirements of the curriculum, society, profession and nation. All the necessary steps have been taken by the institution for the better implementation of the curricular activities.

Teachers are motivated to use ICT with traditional method of teaching. All the facilities like computers, OHP, Projectors, slide projectors, etc, are provided to the teachers for making their lesson a successful one.

The student teachers are motivated to use ICT in their notes preparations, lesson planning for practice teaching, power point presentation for class seminar. The institution provides a platform to all student-teachers to participate in various literary, cultural and community service practice.

The institution has conduct micro-teaching programme, Practice teaching programme and block teaching programme.

These entire programmes give sufficient experience to the students so that teaching becomes more reflective practice.

1.2.2. How does the institution provide for adequate flexibility and scope in the operational curriculum for providing varied learning experiences to the student both in the campus and in the field?

The institution has provides a wide variety of learning experience to the student-teachers for effective implementation of the curriculum. While implementing the curriculum the faculty members encourage the student – teachers to participate in various curricular, co-curricular and extracurricular activities.

For the effective implementation of curricular aspect of course all the faculty members use various innovative and technological approaches of teaching and learning. Various methods like demonstration, lecture and problem solving are used with wide range of teaching aids such as OHP, Computers, slide projectors, charts, models etc. While providing effective teaching learning environment to the student teacher in the campus and in the classroom they are being motivated to do work with community and in the community. There is provision of field work in the curriculum of B. Ed. course.

Since the University has structured the B. Ed. programmes, there is no scope for modification or innovation by the College. The College follows the teaching programmes, curriculum, evaluation pattern set by the Maharaja Ganga Singh University, Bikaner. The college has adopted block teaching approach for the student teachers. The Internship in teaching, each B. Ed. student delivers 40 lessons (20 each in school teaching subject) and 2 criticism lessons. In all 10 days were devoted to microteaching as pre-practice teaching activity and another 40 days to school–based practice teaching in 10 schools.

Thus, with the effective implementation of all the subjects the institution provides wide varieties of learning experience to the students for the effective implementation of the curriculum aspects in the campus as well as in the field.

1.2.3. What value added courses have been introduced by the institution during the last three years?

In the institution there is proper provision to develop communication & ICT skills, community orientation and social responsibility skills among the student teachers.

Communication and ICT skills are developed through the effective implementation of curriculum of Paper computer education. Where basic knowledge about communication skills, its principles, effective communication, basics of ICT, uses of computers and networking are discussed in detail and thus theory and practical aspects are implemented well.

Student-teachers professional skills are developed through the effective implementation of method subjects which include the skills of chalk board writing, preparing teaching teachings aids, handling of available equipments and work experience.

Along with this paper there were other paper in which there is ample scope for providing life skills, value education, community, professional and social skills etc.

The college has introduced an English spoken course last year so that spoken ability of the student of rural culture will be enhanced.

1.2.4. How does the institution ensure the inclusion of the following aspects in the curriculum?

- 1 Interdisciplinary/Multidisciplinary**
- 2 Multi skill development**
- 3 Inclusive education**

- 4 **Practice Teaching**
- 5 **School experience/internship**
- 6 **Work experience/SUPW**

Interdisciplinary/Multidisciplinary

The curriculum of B. Ed. Course has interdisciplinary / multidisciplinary approach. There are various fields of specialization in the B. Ed. course such as Education Psychology, Philosophy, Technology, Science, SST, Language, Development of certain skills like chalk board writing, preparing & handling teaching aids using computers & other ICT and work experience.

Multi Skill Development

The curriculum of B. Ed. course provides an opportunity to the student teachers for developing various skills. It helps in developing communication skills, teaching skills, social skills, writing skills, work experience and technical skill with the help of various subjects including theory and practical.

Inclusive Education

At present, not much emphasis is given on the inclusive education in the curriculum.

Practice Teaching

As a preparation to actual practice in schools, microteaching sessions are organized. The faculty meticulously organizes intricate sessions of microteaching and students practice under their watchful eyes. Lesson planning is considered an important input in the preparation for teaching practice. Faculty members take

good care of training students in lesson planning too. Before the students are sent to schools, for practice teaching, the College organizes confidence building programmes such as pedagogical content analysis, lesson planning, developing core teaching skills, through micro teaching under simulated conditions, observation of model lessons etc. Demonstration lessons are given by each subject teacher in the presence of other staff members and students. Every student observes 10 demonstration lessons. Each student teacher has to give 40 practice lessons in school by taking 20 lessons in each Method of Teaching. All the lessons are supervised and checked by faculty members as well as school teachers and feedback is given to the students.

There are 10 schools attached with college for practice teaching. Each student gives one lesson per day. Sometimes the Practice schools teachers are present in the class and give informal feedback to the Pupil teacher as well as teacher educators. During practice teaching, each lesson is checked before delivering to students in the class and observed by the Subject specialist. The student teacher stays for the whole time in the school during practice teaching days and takes part in all activities of the school.

School Experience

There is a provision of both theoretical and practical aspects of school experience or school management. In the theory paper student teachers are given conceptual knowledge about the management of school facilities and problems, library, infrastructure, time table, human resource etc. At the time of practice teaching at school students teachers apply all this knowledge in actual situation. In block teaching student-teachers organizes morning assembly, make arrangements for teaching learning situations, manage man & material resources, and manage funds at school level and scholarships. At the end of the block teaching at school every student-teacher writes a details school plant report, prepares time table & S.L.C., complete observation lessons and provide their

suggestions to the school for providing their suggestions to the school for providing better learning experience to the students.

Work Experience /SUPW

The aim of B. Ed. course is to develop competent and skilled teacher. A teacher can become capable by contributing to the society. There is a provision for five days SUPW camp. In this SUPW camp student-teacher develop certain skills through work experience for example gardening, chalk making, interior decoration, cooking, stretching & tailoring cloths, candle making etc. in this camp student-teachers are encouraged to participate in various community services extension activities sports and cultural activities.

1.3 Feedback on Curriculum

1.3.1. How does the institution encourage feedback and communication from the Students, Alumni, Employers, Community Academic peers and other stakeholders with reference to the curriculum?

The institution has adopted well oriented mechanism of getting feedback and exchange of information with regards to the curricular and co-curricular aspects of the B. Ed. course being run in the institution. For getting feedback on curriculum following practices are in vogue:

➤ Feedback on curriculum by the student-teachers:

The institution has tried its best to cater the needs of the students, society and nation through best practices in curriculum. Student- teachers' views and suggestions are invited on the curriculum for necessary modifications & improvement in the current curriculum. For this purpose the institution is working with two tools: first one is inviting student-teachers' feedback on Performa, given by NAAC, through which student-teachers rate the complete course and the curriculum of the various subjects. The second tool is the suggestion box available

in the college campus, where student- teachers can put their suggestions regarding the improvement in the curriculum.

➤ **Feedback on curriculum by the Alumni:**

The view and suggestions of old students of the institution are also invited with reference to the curriculum. These students are encouraged and motivated to provide feedback on the curriculum of the B. Ed. course. They are asked to post/disclose their views in following manner:

- Oral expression of their views about the curriculum to the Principal or the subject teacher.
- Writing their suggestions/ideas directly to the Principal or subject teacher.
- Provide their suggestions through suggestion box.
- Posting their views/comments on college community on the web.
- Giving their suggestions through E-mail.

➤ **Feedback on curriculum by Employers:**

Employers of the institution indirectly participate in the curriculum development by providing man & material resources, moral and financial support to organize extension lectures and to attend workshops, conferences and seminars regarding curriculum development.

➤ **Feedback on curriculum by Teaching Staff:**

- The institution has its Internal Curriculum Review & Reform Committee consisting staff members as subject experts. This committee analyses the existing curriculum of the B. Ed. course, finds out the needs & difficulties of the student- teachers and provide suggestive measures for the modification in the curriculum.

- The faculty members meet after every academic activity to review and discuss the strengths and weaknesses of the activities. They also provide suggestive measures for improvement in these academic activities.
- The existing working related to curriculum aspects of the college are discussed in the staff council meeting.
- Teachers play an active role in the tutorials to solve problems of student-teachers regarding the curriculum.
- **Feedback on curriculum by the Community**

The institution has established a cordial and friendly linkage with the community. There are various occasions where the Institution and the community come together. At the time of every meeting formal & informal feedback is received from the community regarding the curriculum. Some of the activities are:

- The institution has established extension linkages with Community and local educational institutions i.e. practice teaching schools & colleges. We also organize various services/activities in the community such as vaccination camp, awareness programme, Blood Donation Camp, Tree Plantation etc. and also received feedback and suggestions from the community members at that time.
- The institution always invites Heads & staff of the practice teaching schools, parents of the student- teachers & community members in various activities, functions exhibitions and competitions of the college on Teaching aids skill in teaching, cultural activities, talent search, sport meet etc., where they provide their valuable feedback & suggestions to the course.
- The feedback from the school teachers, during practice teaching about the B. Ed. course and their experience at practice teaching on prescribed Performa (developed by the institution) is collected and reviewed.
- The institution is planning to organize a meeting and workshop with school Principals and teachers of the neighboring schools to share their views on the methodology and curriculum of the B. Ed. course.

Thus institution is trying, its best, to communicate & receive feedback from all its stake holders, with regards to curriculum.

1.3.2. *Is there a mechanism for analysis and use of the outcome from the feedback to review and identify areas for improvement and the changes to be brought in the curriculum? If yes give details on the same*

The institution has a distinct mechanism on analysis of feedback from the student & Alumni on the curriculum. Every year the feedback from the student teachers provided through the suggestion box is collected and then their views are discussed in the staff council and curriculum review & reform committee. If there is any remarkable suggestion then those are reviewed in the staff council meeting then sent to the curriculum review & reform committee of the institution for further discussion and analysis which sends its recommendation to the Maharaja Ganga Singh University, Bikaner and Higher Education Department of Govt. of Rajasthan.

The second tool i.e. students views on curriculum through Performa introduced from the session (2014-2015) and feedback from student-teachers were collected about the curriculum.

Various areas are identified by the curriculum review committee of the college where certain changes and improvement are required. The major areas are:

1. ICT should be included as compulsory subject in the curriculum.
2. There should be adequate provision of Inclusive Education in the curriculum to make the student-teachers aware about the issues of inclusive practices.

3. There should be more emphasis on developing more skills among the student-teachers.
4. The course duration should be of two years rather than one year.

1.3.3. *What are the contributions of the institution to curriculum development?*

Since, the curriculum regulatory body of the B. Ed. course is Maharaja Ganga Singh University, Bikaner, so there is no scope for any self financing private Institution in the development of the curriculum. But the institution, at its part, is trying well to communicate the urgent need and requirements for the modification in the curriculum. The institution is in the process to send some of its recommendation to the Maharaja Ganga Singh University, Bikaner for curriculum up-gradation.

1.4 Curriculum Update

1.4.1. *Which courses have undergone a major curriculum revision during the last five years? How did these changes contribute to quality improvement and student satisfaction?*

No, major changes in curriculum were made by the Maharaja Ganga Singh University, Bikaner.

1.4.2. *What are the strategies adopted by the institution for curriculum revision & update?*

There is no major changes in curriculum is made by the Maharaja Ganga Singh University, Bikaner. If University made revision & update in curriculum then institution made arrangement to accommodate the same.

Following strategies are followed by the institution for curriculum revision and update:-

- Getting regular feedback from the student-teacher
- Feedback from the practice teaching schools.
- By formal & informal means of feedback from community members.
- Getting feedback from college Alumni through verbal expressions, written form & E-mail.
- Meeting with school principal & teachers for modification in the curriculum.

1.5 Best Practices in curricular Aspects

1.5.1. *What are the quality sustenance and quality enhancement measures undertaken by the institution during the last five year in curricular aspects?*

As mentioned earlier the institution has its internal curriculum review & reform committee for curriculum evaluation. Student teacher suggestions are invited on the prescribed format and through suggestion box. All these measures are adopted to check the quality sustenance in the curriculum aspect.

The institution has undertaken the following quality sustenance and quality enhancement measures during last three year

- Computer education
- Need Based Education
- Socially Relevant Programmes
- Use of ICT
- Academic Skills

- Value education
- Personality development
- Choice based curriculum
- Student Advisors
- Woman Cell
- Learning by Doing
- Co-Operative Learning
- Inter Disciplinary Courses
- Community Participation
- Comprehensive & Continuous Evaluation
- Guidance & Counseling services To the Students
- Career Opportunities
- Remedial Teaching
- Environmental Education
- Including Various Social, Cultural, Academic & Professional Skills among students teachers
- Providing Training of various teaching skills to the student-teachers.

1.5.2. *What innovations/best practices in curricular aspect have been planned/implemented by the institution?*

The institution tries its best for the effective implementation of all the curricular and co-curricular aspects of the course. All the theoretical and practical aspects of the curricular are taken into consideration while implementing the curriculum. Firstly institution plans in advance for the activities to be organized. The various activities dealing with the curricular and co-curricular aspects are planned very well by the institution in the annual year plan. Proper care has been taken while planning the year plan, for effective implementation of the curricular and co-curricular part of the course and the year planning committee analyses the very aspect of the year including holidays, weather conditions, school availability for practice teaching, Important National & International days and needs & requirements of the curriculum.

For implementation of the curriculum aspect of the course the institution tried well to implement all the planned activities. The various committees are constitutes for the better implementation of the academic plan to act as a team to accomplish the task. The various committees like cultural, academic, time table, discipline, literary & workshop, library, tour committee etc. work independently as well as with collaboration with each other for the better implementation of the curriculum.

Before the commencement of academic year, a diary is given to all the teachers, it is mandatory for all the teachers to prepare an annual teaching plan. It is communicated to the students. Annual teaching plan is implemented by all the teachers. The progress is checked by Principal on the last day of every month. Shortcomings / suggestions, if any, are discussed in Faculty co-ordination committee meetings. A copy of individual time-table is also submitted to the office. The syllabus is divided according to the teaching schedule. The college organizes conferences / seminars / symposia / training programme / workshops and computer awareness programmes and invites eminent persons for delivering lectures / guidance. Such out-reach academic exercise helps both the teachers and the students to enrich their knowledge.

Criterion II: Teaching-Learning and Evaluation

2.1 Admission Process and student Profile

2.1.1. Give details of the admission process and admission policy of the institution?

Criteria for admission - The student who have 50% marks (General) in graduation or post graduation are eligible to apply for admission in B.Ed, course. In the case of SC, ST, OBC students, the eligibility condition is 45% marks in graduation or post graduation. The students are admitted in B.Ed. course on the merit basis, taking consideration of reservation policy and other rules of State Govt. of Rajasthan.

As per the policy of the State Government, the College admits students through a Common Entrance Test (PTET) conducted by the Co-coordinator PTET, MDS University, Ajmer (from last five years PTET was conducted by JNV University, Jodhpur). The students have a choice to opt for any B. Ed. college, depending upon their merit score. Pre-Teacher Education Test consists of four sections, namely, Mental Ability, Teaching Attitude and Aptitude Test, General Awareness, and Language Proficiency (Hindi or English). Mental Ability Test comprises of 50 multiple choice type questions and assesses abilities like, Reasoning, Imagination, Judgment and Decision Making, Creative Thinking, Generalization, Drawing Inferences, etc. Teaching Attitude and Aptitude Test consists of 50 multiple choice type items. It has items related to Social Maturity, Leadership, Professional Commitment, Interpersonal Relations, Communication, Awareness, etc. General Awareness consists of 50 multiple choice type items. It has items related to Current Affairs (National & International), Indian History & Culture, India and its Natural Resources, Great Indian Personalities (Past & Present), Environmental Awareness, Knowledge about Rajasthan, etc. Language Proficiency (Hindi or English) consists of 50 multiple choice type items. It has items related to Vocabulary, Functional Grammar, Sentence Structure,

Comprehension, etc. The general candidate has to score 50% marks and reserve category candidate has to score 45% in UG or PG course otherwise she or he will not be eligible for admission into B. Ed. Programme. The eligibility as prescribed by NCTE for B. Ed. Programmes is followed strictly. The reservation policy of Rajasthan State Government is being followed. The students are allotted by the co-ordinator PTET. The college admits students on the basis of the list of qualified candidates received from co-ordinator PTET.

Role of College Admission Committees :

The Institution has the separate and specific admission committees for B. Ed. Course. Committee has one convener three teacher members. The committees go through all the relevant updates of instructions, norms and rules published, issued and circulated by the NCTE, Coordinator PTET, Maharaja Ganga Singh University, Bikaner, State Govt. of Rajasthan. The Handbook of information for admission in B.Ed. is considered as reference and reliable source along with the above circulars.

2.1.2. *How are the programmes advertised? What information is provided to prospective students about the programme through the advertisement and prospectus or other similar material of the institution?*

Since, the admission in B. Ed. Course is given on the basis of merit achieved in PTET. All the advertisement regarding PTET is made by coordinator PTET. Although at the time of admission the institution provide prospects to all candidates in which all information regarding course, management, institution etc. is given.

2.1.3. *How does the institution monitor admission decisions to ensure that the determined admission criteria are equitably applied to all applicants?*

The institution can admit only those students which are allotted by the coordinator PTET. All decision regarding admission is withheld with the coordinator PTET. However the institution monitors all the admission process through Admission Committee.

The Institution has specific admission committees to monitor admission decisions for B.Ed. courses. The admission committee members and convener remain vigilant on handbook of information, circulars of the NCTE; state Govt. of Rajasthan, Coordinator PTET, Maharaja Ganga Singh University, Bikaner.

This committee maintains the record of relevant information and decisions and orders of competent authorities i.e. NCTE, State Govt. of Rajasthan, Coordinator PTET, Maharaja Ganga Singh University, Bikaner.

It has been the prime concern and focus of the admission committees that the determined admission policies and procedures must be equitably applied to all the applicants. In this direction, all the information and decisions regarding admission procedure and fees are displayed on the college notice board and an information centre, counseling hall for admission in B.Ed. has been in practice since its first session to facilitate the students. Information centre remains active from 9:00 am to 5:00 pm. during the admission process.

So in this way the institution effectively and whole heartedly monitors admission decisions to ensure that the determined admission criteria are equitably applied to all the applicants.

2.1.4. Specify the strategies if any, adopted by the institution to retain the diverse student population admitted to the institution?

The institution has a privilege of its location, that's why its student has diverse backgrounds. The student-teachers from different economic, cultural,

religious, linguistic backgrounds and physical challenges enjoy their individuality in harmony of great diversity in institution's academic environment. The following strategies are in vogue for the great cause:

1. The institute assists the economically weaker student teacher by facilitating them to avail state scholarships. The additional numbers of library books are issued especially to them through book bank. The uniform and transport aid are also provided.

2. Religious festivals and events are celebrated by student teachers for integration of their faith and believe. Every student is encouraged to share and represent her culture and sect in various cultural activities as well as in morning assembly. Lohari, Diwali, Holi and Christmas are celebrated in the institution.

3. The college has a women education encouraging and endorsing environment. The female student teachers are being ensured that they have their voice to share and raise the issues regarding campus experience with girl student's advisor, women cell in-charge and their concerned tutors.

4. Institute has a contributing academic environment for the expression, joyful study and celebration of life for the female student-teachers through various cultural and co-curricular activities. Every year on 8th March the institution celebrates the International Women's Day.

5. The female student-teachers are encouraged to participate in the inter-college competitions organized by different colleges of education in Rajasthan. The team of girl students is always accompanied by a female teacher in-charge and their T.A. & D.A. and registration fee is paid by the institution.

6. The linguistic diversity has been facilitated in teaching learning process by educating through both medium - Hindi and English. There is an equal respect and attitude towards various languages and dialects of the students. The teacher-educators take care of their emotional attachment to the languages and dialects so that students feel comfortable in a learning friendly environment.

Seats are set apart for differentially able and economically weaker sections as per state government rules. Pre-examination counseling is given to SC/ST and OBC students. Remedial Class, Spoken English classes etc. are offered to the needy students.

2.1.5. *Is there a provision for assessing student's knowledge/need and skill before the commencement of teaching programmes? If yes give details on the same.*

Yes, the institution has following provisions for assessing student's knowledge / needs and skills before the commencement of teaching programmes:

1. Orientation Programme:

Every academic session begins with the orientation programme. The teacher educators introduce the nature and structure of teaching subject options to the students. The students-teachers have an opportunity in the programme to share their views, to make queries and discuss their point of view regarding the course structure and schedule.

In this programme, an intimate and cordial relationship develops between student teachers and teacher educator. It facilitates the institution to judge the knowledge, needs and skills of student-teachers.

2. Talent Hunt:

Every year institution organizes the talent search competition just after the admission process completion. It has various segment like- dance, poetry, speech, singing, painting, rangoli, best out of waste, mono-acting and mimicry. The performance of the student teachers provides a realistic picture of their persona, knowledge, specific skills and needs.

3. Entry Level Test:

Every year our institute takes an entry level test of all admitted student to identify slow as well as advance learners to make appropriate policy for them.

2.2 Catering to diverse Needs

2.2.1. Describe how the institution works towards creating an overall environment conducive to learning and development of the students?

The institution provides an effective and conducive learning environment to the student teachers for their better learning and overall development including social, moral, cultural and academic aspects of personality. Student teachers are trained enough to compete with all the challenges in the modern era.

Through the effective implementation of the curriculum, the Shri Guru Nanak Khalsa shikshak Prashishan Mahavidyalaya provides best services to the student teachers for better learning environment. The faculty members use various teaching methods according to the needs of the students. If student Teachers find any difficulty in the way of learning, the hurdles are removed by the concerned teacher educator by adopting suitable method.

The institution has the facility of well equipped Education Technology Lab, Computer Lab and updated library where student teachers are given instruction & knowledge as per their requirements. Faculty is self motivated to use various kinds of teaching aids such as chalk board, chart, model, pictures, internet, transparencies, OHP, and computers in the classroom for the effective presentation of the content matter

Student teachers are also given firsthand experience in preparation and handling of various kinds of audio visual aids. Each student teacher prepares teaching aids including charts, models, slides, transparencies, chalk, duster, pointer, flash board and power point presentation in each teaching subject. Student teacher is also encouraged to use more & more teaching aids in their actual classroom teaching or at practice teaching.

All the student teachers are trained well enough to handle the modern technological aids in their class room teaching. They are trained about handling computers, OHP, Slide Projector, LCD Projectors, and Internet etc.

The institution also provides environment to the student teachers where not only the academic growth of the student teachers become possible but also their cultural, social, intellectual, moral, mental & professional growth are also taken in to consideration. The institution organizes various cultural programmes from time to time for developing all the aspects of personality of the student teacher. In these programme student teacher are encouraged to participate and organize the whole activities. The faculty serves as guidance force for them. All the activities of the programme are managed by the student teachers. Various inter house competitions are also organized at the college level for the student teachers to foster sense of competitions among them. The important programme / day celebrated at college level are:-

1. Independence Day Celebration
2. Republic day Celebration
3. Diwali
4. Lohari
5. Women's Day Celebration
6. Science quiz competition
7. Inter House Speech & Poetry Competition

13. Poster Making, Rangoli, Teaching aids, Transparencies Competition
14. Chalk Board Writing Competition
15. Pot Decoration
16. Drawing & Painting
17. Mantrocharan & Shalok Pratiyogita

Along with all the competitions regular, morning assembly is also organized at the institution. The morning assembly is organized for all days in a week. Through morning assembly the institution tries its best to inculcate the moral & spiritual values among the student teachers. It is compulsory for every student teacher to participate in the morning assembly and to perform any activity according to her interest. The morning assembly activities include Gayatri Mantra, Saraswati Vandana, and Prayer, Patriotic / religious songs and national anthem. All these activities are included to foster some moral, social, spiritual & national values among the student teachers.

Besides all this student teachers are encouraged to participate in the various competitions & workshops etc. held at other colleges, where our student teachers got remarkable achievements.

Some other activities organized for their personality development are community participation, games & sports, work experiences, classroom seminar, extension lectures etc.

2.2.2. How does the institution cater to the diverse learning needs of the students?

Pre-examination counseling is given to SC/ST and OBC students. Bridge courses, Extra classes, Spoken English classes, issuing books during annual

examination, arrangement of seminar, Organizing Extension Lectures etc., are offered to the needy students. Special attentions are paid to advance learner and they are being guided properly.

- Assignment and projects are assigned to the student-teachers
- Extra classes for weak and needy student-teachers
- Issuing books to student-teachers during annual examinations
- Organizing the Extension Lectures by prominent educationist
- Remedial teaching is given after every class /unit test and house examination
- Proper orientation about examination and evaluation system
- Student-teachers need for academic areas are discussed through the tutorial and are also provided with remedies
- Appropriate demonstration is given to the student teachers for model lessons in different skills & teaching practices etc.

2.2.3. *What are the activities envisioned in the curriculum for the student teachers to understand the role of diversity and equity in teaching learning process?*

There is a vast scope of diversity in the teaching learning process along with its equity in the B. Ed. curriculum. There is a lot of diversity of the subjects in the curriculum such as education philosophy Education Psychology, Education Technology & various teaching subjects and all these subjects equally work for effective teacher training. The curriculum has various activities through which diversity and equality in teaching learning process is reflected. Student teacher are also provided a training how to understand the equity and diversity of student teachers in their Micro Teaching group in which they have to play the role of student, teacher and observer . Other curriculum oriented activities are:-

- Pedagogical content analysis
- Preparation for practice teaching

- Lesson Planning
- Developing core teaching skill through simulation
- Practice Teaching
- Observation & discussion of demonstration lesson
- Creating learning situation through tutorials
- Observation & supervision at practice teaching
- Interaction & Participation within community
- Educational Tours
- Extension Lectures
- Provision for work experience
- Houses are formulated to cater every need of the lesson
- Organizing various class test, class seminar & demonstrations etc.

2.2.4. *How does the institution ensure that the teacher educator is knowledgeable and sensitive to cater to the diverse students needs?*

The institution ensures that the teacher-educators are knowledgeable and sensitive to cater the diverse needs of the students with the help of the following best practices:

- The Institution has well qualified and experienced faculty. Three of our staff members have Doctoral Degree (Ph.D.) in education, and three members doing doctoral research (Ph.D.) in Education or in relevant teaching subjects.
- The institution has the mechanism to observe the model lessons of the teacher-educator in the classroom. After observing the behavior of the Teacher-educator while teaching in the classroom, the observation are made known to all the staff members and a peer feedback is collected. All the positive and negative aspects of the teaching are discussed and feedback is provided to the concerned teacher-educator for improvement, if needed. With the

help of this mechanism a teacher can also evaluate his/her classroom behavior and bring necessary modifications in it.

- Students' feedback is also taken on prescribed proforma regarding the teaching of all the faculty members.
- Every member of the staff is selected by the properly constituted selection committee.
- Teacher-educators are allowed to attend & participate in various seminars, conferences & workshops etc. organized by different universities/institutions. Appropriate T.A. / D.A. are also paid to them for attending the same.
- The Institution sends teachers to participate in the Refresher course/orientation courses to provide them an opportunity to exchange experiences with their peers and eminent educationists.
- Teacher educators emphasize on making good and healthy student-teacher relationship to cater the diverse needs of student teachers. Teacher educators adopt the appropriate strategies to assess the slow and advanced learners. The teacher educators are encouraged to obtain feedback and communication from the students, alumni, employers, community, academic peers with regular meetings and discussions.
- The facility of suggestion cum complaint box has also been provided by the institution.

2.2.5. What are the various practices that help student teachers develop knowledge and skills related to diversity and inclusion and apply them effectively in classroom situations?

The college provides a wide variety of such practices which enables student teachers to be innovative & skillful and adopt human values. Some activities are:

1. Organizing daily morning assembly where all the faculty members and student teachers assemble for prayer and other assembly activities. The morning assembly includes followings activities:

- Saraswati Vandna
- Prayer
- View of prominent / eminent personality on values, education or any national concerns
- Thought of the day

2. Every session and important functions are started with Hawan and prayers.

3. Organizing various social and cultural programme

4. Celebrating days of national, international and social importance Such as republic day, Independence Day, women's day, Lohari, Diwali, Holi, Science day etc.

5. Organizing Extension Lectures

6. Daily display of thought of eminent thinkers & Educationist on display board.
7. While organizing any activities / function at college level student teachers are assigned duties/responsibilities to provide them opportunity to organize various activities under the supervision of the concern tutor.
8. Student teachers are also motivated by organizing Extension Lectures While organizing various competitions at college level student teachers are assigned different responsibilities.
9. In maintaining the greenery at the campus student teachers are motivated to plant tree and flowering plants and also they are assigned duties to protect them.
10. Student teachers are also motivated by organizing Extension Lectures
11. Student teachers are provided guidance & counseling service by faculty members.
12. The student teachers are given orientation in different types of disabilities, identification, causes and prevention. The student teachers are also given lesson on how to help disabled children in the classroom and at home.
13. Organizing Yoga Camp.

Thus all the above mentioned practices help the student teachers to develop knowledge & skills related to diversity and inclusion & apply them effectively in the classroom situation.

2.3 Teaching –Learning process

2.3.1. How does the institution engage students in “Active Learning”?

The institution has engaged student teachers in active learning with the help of available resources i.e. Library, Various Lab., Education Tech. Lab., Computer Lab., Psychology Lab., Work Shop for Preparing Teaching Aids, College website, internet facility in computer laboratory etc. All the student teachers of the institution are divided into various groups while organizing micro-teaching, real teaching, morning assembly, work experience & work education. It is the priority of the institution that all the student-teachers will interact with each other and with each teacher-educator in one or another group. Some individual and group projects are assigned to develop the sense of tolerance, co-operation, brotherhood and socialization of the student- teachers. In every theory paper one project is assigned to the student- teachers by the teacher-educator for more interaction with the peer group and the society. Various co-curricular activities are organized by the institution to draw out the best from the individuals.

Various computer aided instructions are also developed to cater the individual need of the student-teachers. P.P. Slides on the topic of Intelligence, Global Warming, Learning, Fundamental Rights etc. are developed by the faculty members to guide the student-teachers.

For the active participation of the student teachers, different assignments/projects/seminars are also assigned to them in which they have to make optimum use of library resources, website, Internet & other resource material.

Student-teachers are encouraged in various curricular and Co- curricular activities & work experience activities such as gardening, teaching practice, micro teaching, inter house competitions, morning assembly, simulation teaching etc. where they interact with each other and share different ideas and views on various topics.

For active and participatory Learning of the student-teachers '**Learning by Doing**' approach is applied by Institution. Theory and practical work also executed simultaneously.

2.3.2. How is 'learning' made student – centered? Give a list of the participatory learning activities adopted by the institution and those, which contributed to self management of knowledge, and skill development by the students?

Keeping in view the student centered learning's, the college always aims at the overall development of personality of the student teachers which includes social, cultural, intellectual, mental, academic and physical development, so as to make effective & competent teacher as well as vigilant and valuable citizen. A variety of programme has been organized and planned by the college to follow the student centered approach, which are mentioned as under:-

1. Almost every student teacher is variably involved in various activities/programme of the college for developing their talent in the field of their interest. Student teacher's participation in various activities is ensured through the organization of morning assembly.
2. Tutorial groups and guidance & counseling cells are established to solve the student teachers academic, personal, career and social problems
3. Every faculty member caters the needs of the student teachers while developing the content matter in classroom. As per the need of the student teachers the teacher educator changes his/her methodology and uses various teaching aids to make concept easy & understandable to the student teachers.

4. Regularity, punctuality and discipline in the college are maintained by a body of student teachers and discipline committee as well.
5. Organize SUPW camp.
6. Seminars, projects and case studies are conducted by the student teachers themselves under the guidance of the respective teacher educators.
7. Extension lectures & competitions are organized to cater the student teacher need.
8. Teachers educators precisely diagnose the problems of the student teacher by oral testing, written test, class test and house examination and then provide them necessary remedies accordingly
9. Student teachers are motivated to visit library regularly to keep them updated by reading newspaper, magazine, journals, reference books & periodicals etc.
10. Training in handling hardware and software is also provided to the Pupil-teacher's in order to meet the requirements of the modern classroom. During this training, student teachers are taught about the use of OHP & LCD projectors using CD- ROM or DVD and T.V. in the class room.
11. Student teachers are offered a variety of options in all the optional papers where student teachers are free to choose any option as per the requirement or interest.

Thus all the above mentioned activities and many others are successfully organized to cater the student teacher need and to make learning more easy and reliable to them. Every effort has been made to make learning student centered and community oriented.

2.3.3. What are the instructional approaches and experiences provided for ensuring effective learning? Detail any innovative approach/method developed/used.

At this college integration of traditional as well as modernize methodology of instructions are used to impart the instruction & providing various learning experience to the student teachers. The traditional methodology include lecture method, discussion, heuristic method where as modern methodology include use of modern technologies, interaction, models, source method, project method, problem solving method, demonstration and experimentations etc.

As in the B. Ed. curriculum 48 % Weight-age is given to theory and rest 52% Weight-age is given to pedagogical skill development, practical work, field work, teaching practice etc. All necessary steps have been taken for the effective implementation of the curriculum aspect, theory as well as practical.

Various strategies have been adopted by the college to ensure effective learning of the student teachers which include simulation, audio-visual aids, learning by doing seminars etc.

The practical work is carried out with the active participation of student teachers. Student teachers are engaged in work experience, preparing charts, models, chalk sticks, candle making, making useful products from waste material and community services, actual sitting, various cultural & social programme for providing various learning experience to ensure better & effective learning.

2.3.4. Does the institution have a provision for additional training in models of teaching? If yes, provide detail on the models of teaching and number of lesson given by each student.

No, there is no such programme provided in the B. Ed. curriculum to provide training in models of teaching. But our Institute uses various methodologies and approach to provide effective learning experiences to the student teachers.

1. Pedagogical analyses of the content

In every teaching subject of B. Ed. there is provision to do pedagogical analysis of the given topics in terms of content /subject matter, behavioral outcome, methods and activities and evaluation devices. Firstly teacher educator demonstrates a topic from the given list before the student teachers and then student-teachers does pedagogical analysis of the topics.

2. Lesson plan

Special sessions are being devoted for the preparation of lesson plans and related requirements. Various aspects of lesson planning such as stating objectives in behavioral terms, division of content matter, using appropriate methodology, use of various A.V. aids, how to present the content matter, dealing with the students, controlling classroom activities, using chalkboard etc. are discussed in detail.

3. Student-teachers are provided with adequate training in delivery of model lesson presentation before starting their micro-teaching and teaching practice in the schools. Before the commencement of micro teaching lessons student-teachers are well known about the micro teaching, its concept, requirement & various teaching skill. Demonstration lesson in each skill and in each teaching subject is presented before the student-teachers by the teacher educators. During this micro teaching session, every student-teacher prepares and delivers ten micro lessons in each teaching subject and then four Comprehensive lessons and two discussion lessons in simulation. Micro Teaching lesson has the duration of 5-7 minutes, where as Comprehensive & discussion lesson have time duration of 20 and 40 minutes respectively.

4. Besides all the student-teachers have been well oriented about various kinds of methods and strategies in the theory of their relevant teaching subjects.

2.3.5. Does the student teacher use micro teaching technique for developing teaching skills? If yes, list the skill practiced and number of lesson given by each student per skill.

Yes, for making effective and competent teacher we must have to foster various teaching skills among the prospective teachers. To inculcate various teaching skills among the student-teachers The Institution use micro- teaching technique. Through the effective use of micro-teaching techniques, all the student-teachers are well trained in the various teaching skills and then with the appropriate integration of these skills, they become good and effective teachers.

While using micro-teaching as training technique first of all the student teachers are well oriented about the concept phases and cycle of micro- teaching. Then detailed information including, meaning, component, criteria & observation etc, is provided to them about each skill. After that every teacher-educator presents a demonstration lesson on each skill in various teaching subjects. Student-teachers observe this demonstration lesson and then discussion follows where doubts and queries of the student-teachers are removed.

After observing the demonstration lesson it is the turn of the student-teachers to present their Micro lesson according to the skill assigned. Every student-teacher delivers five micro lessons in each teaching subject for practicing the following teaching skills.

1. Introduction of lesson
2. Skill of Illustration with examples
3. Skill of Questioning
4. Skill of Chalk Board writing
5. Skill of Reinforcement

Student-teacher practices a particular skill till he/she achieves mastery over the skill. Regular feedback is given to him by his/her peers and teacher in-charge for the improvement. They are trained so well that they gain mastery over the skill.

After getting mastery over various skills student-teachers integrate various skills and deliver two mega lessons in each teaching subject in simulation conditions. These mega lessons have the time duration of 20-25 minutes. Every time, when a student-teacher delivers his/her mega lesson he/she gets feedback from his peers & supervisor or teacher in-charge and necessary suggestions are provided to him for the improvement.

Then every student-teacher delivers one discussion lesson in each teaching subject in simulation. The duration for discussion lesson is 35-40 minutes. At the end of the discussion lesson, all the strength & weakness of the lesson are discussed by the peer and a group of teacher educators. Every effort has been made to make this lesson a model lesson.

When the micro & macro lessons are completed then student- teachers are sent to the schools for practice teaching, where they present 20 lessons in each teaching subject and one discussion in each teaching subject that means total 42 lessons are presented by each student- teacher during teaching practice.

Above all each student-teacher observes 10 micro lessons and 20 teaching practice lessons delivered by their peers.

2.3.6. *Detail the process of practice teaching in schools.*

While selecting the schools for practice teaching the following process is adopted:

1. Identification of schools for practice teaching: -

First of all school are identified for the practice teaching of the student-teachers. Following criteria are kept in mind while identifying the schools:-

- School should be near to the college.
- Availability of the school.
- It should be in easy access of the student-teachers.
- Number of students' strength in the schools.
- Basic amenities at the school.
- Attitude of the head of the school & staff.
- Recognition / affiliation of school with the government.
- Medium of instructions at the school.

On the basis of above mentioned criteria the detail survey is conducted by the teaching practice committee of the college and then this committee selects the schools for practice teaching.

➤ Getting consent from authorities: -

After selecting the school for teaching practice the consent of the concerned authorities is taken for availability of schools for teaching practice. For taking consent to conduct practice teaching in government school proper channel is followed and consent from higher authorities' such as District Education Officers & Block Education Officer of the concerned district is taken. Then with the permission letter for D.E.O. or B.E.E.O., teaching practice committee meets the head of the concerned school and gets permission to conduct practice teaching.

➤ Division of group & mentor teacher:-

After selecting the school for teaching practice and getting their consent, the various student-teachers are assigned to different groups and school. While assigning the schools to student- teachers, various needs & requirements of the student-teachers are kept in mind. Every care has been taken to provide nearby

school to the student-teachers. A group comprises of almost 20 student- teachers and one teacher educator as supervisor.

➤ **Completion of teaching practice:-**

Teaching practice session at the schools lasts for 40 day in which student-teachers deliver 40 lessons in all and observe 20 lessons of their peers. Before the commencement of practice teaching, they are also well oriented about the school environment.

➤ **Monitoring & Supervision by Teaching Practice committee & Director Principal:**

The smooth and effective functioning of the teaching practice is ensured by the regular visits of the teaching practice committee and the Principal himself. He regularly visits various schools randomly and observes the conditions at the school. During their visit, He meets the head of the school, staff members, and student-teachers and also observes some practice teaching lessons and provides feedback accordingly. He also observe the difficulties faced by the student-teachers at the school and make necessary arrangements to remove/reduce them. Necessary guidance is also provided to the student-teachers and teacher in-charge as per need.

Process of Practice Teaching

1. Before the commencement of the actual practice teaching at the schools all the student-teachers are well oriented about the rules & regulations of the school, school infrastructure, teaching faculty, school time table, school curriculum & environment etc. So that, they feel themselves as a part of that particular school the teaching practice days.

2. Number of Lessons Delivered by each Pupil-Teacher:

At practice teaching in schools every student-teacher delivers (presents) 20 lesson in each methodology course. It means total 40 lessons and two discussion lessons are delivered by each student-teacher at practice teaching. The teaching practice session goes for at least 40 days. Therefore, one lesson per day is delivered by each student-teacher.

3. Number of Lessons Observed by Mentor teacher:

For every practice teaching school one teacher educator is assigned the work as supervisor. A supervisor/mentor teacher is assigned a group of almost 20 student-teachers. At practice teaching, a supervisor or mentor teacher observes almost 20 lessons per day.

4. Observation of lessons by peers/school teachers, feedback mechanism, monitoring mechanisms of lesson plans

- Each student-teacher observes 20 lessons in the both methodology courses delivered by their peer and also provide feedback to them.
- At the time of the observation of discussion lesson, all the student- teachers, mentor teacher and school teachers observe the lesson. The discussion lesson is followed by a detailed discussion on the strengths and weaknesses of the lesson delivered by the student- teacher. Appropriate suggestions are provided to him/her by peers, mentor teacher & school teachers accordingly.
- Mentor teacher regularly check the lesson plan & observe the practice teaching. He/She writes his/her comment & suggestions about the lesson in the lesson plan note-book of the student-teachers.

- School teachers are encouraged to observe the lessons delivered by each student-teacher and provide necessary feedback.

Thus, the process of practice teaching runs smoothly with the active participation of every student-teacher, teacher-educator, schools staff and higher authorities including Principal and Head of the schools.

2.3.7. Describe the process of Block Teaching/Internship of students in vogue.

A group of students are attach with the particular school which was selected by the institution. In that school students are acquire knowledge about the system of school. They acquire knowledge about admission procedure, accounts, and preparation of time table, debits, and competitions. They participate in co curricular activities also. In this block teaching student teachers organize morning assembly, sports activities, celebration of important days, various competitions etc. On the other hand they also watch the teaching procedure with school teacher and each day of block teaching they teach two lessons per day in different classes in the presence of school teacher. Total time for block teaching is 10 days.

2.3.8. Are the practice teaching sessions/plans developed in partnership, cooperatively involving the school staff and mentor teacher? If yes give details on the same

Yes, Teaching Practice plans are developed in collaboration with 10 cooperating schools. In the beginning of the practice teaching at the school, a discussion session is arranged in which all the student-teachers, staff members of the schools and head of the School share their views. School teachers are consulted regarding distribution of the sections & classes, syllabus to be covered, maintaining discipline during practice teaching etc. Student- teachers are also asked to plan their lessons as per the requirement & syllabi given by the concerned school teacher. Mentor teacher plays the role of epicenter. If any problem arises during practice teaching mentor teacher provide help to school

staff and student-teachers as well. If the need arises meetings with the Head and other teaching staff of the schools is also arranged in between the practice teaching period. On behalf of student-teachers it is the responsibility of the mentor teacher to maintain the discipline at the practice teaching. Student-teachers are motivated to work within conducive, co-operative & self disciplined environment. The student teachers also write a report of the school plant in which they discuss almost all the aspects of the school.

2.3.9. How do you prepare the student teacher for managing the diverse learning needs of student school?

The institution prepares the student-teachers for managing diverse learning needs of the students in the school by executing following activities:

- Training in Micro-teaching skills.
- Enabling them to apply different methods of teaching.
- Training in lesson planning and formulating objectives in behavioral terms.
- Provide knowledge about Child Psychology and individual differences.
- Provide training in the use of chalk board, use of teaching aids and modern technologies to make lessons more effective.
- Enabling them to be familiar and well oriented with the process of conducting action research, case study, psychological testing etc. By conducting these activities the student-teachers become able to know the diverse needs of the students in the schools.
- Student-teachers are also well oriented about the time-table construction, managing human & material resources at the school and writing report on school plant. All this knowledge is applied during the practice teaching.
- Student-teachers are also trained in organizing morning assembly and other various cultural & academic activities at the college. During

practice teaching student-teachers apply this training in actual situations.

- Various social & life skills are developed through community participation and games & sports activities, among the student-teachers which help them throughout the practice teaching period.

2.3.10. What are the major initiatives for encouraging student teacher to use/adopt technology in practice teaching?

Pupil-teachers are well trained to use modern technological equipments such as computers, OHP, slide projector, T.V., multi-media projector etc. for making teaching-learning process more effective. Student-teachers are encouraged to use various ICT devices in their practice teaching lesson and in annual skill in teaching examinations.

Before asking student-teachers to use various technological devices in their teaching, teacher-educator demonstrates and use of these devices in his/her lesson and in classroom teaching also. Student-teachers are provided help in selecting topic, content matter and relevant teaching aids where they use technological equipments and make their lesson an effective one.

2.4 Teacher Quality

2.4.1. Are the practice teaching sessions/plans developed in partnership, cooperatively involving the school staff and mentor teacher? If yes give details on the same

Yes, the practice teaching strategy and plans are developed in partnership, cooperatively involving the school staff and mentor teachers.

In the beginning of the practice teaching at the school, a discussion session is arranged in which all the pupil-teachers, staff members of the schools

and head of the School share their views. School teachers are consulted regarding distribution of the sections & classes, syllabus to be covered, maintaining discipline during practice teaching etc. Student- teachers are also asked to plan their lessons as per the requirement & syllabi given by the concerned school teacher. Mentor teacher plays the role of epicenter. If any problem arises during practice teaching mentor teacher provide help to school staff and student-teachers as well. If the need arises meetings with the Head and other teaching staff of the schools is also arranged in between the practice teaching period. On behalf of student-teachers it is the responsibility of the mentor teacher to maintain the discipline at the practice teaching. Student-teachers are motivated to work within conducive, co-operative & self disciplined environment. The student teachers also write a report of the school plant in which they discuss almost all the aspects of the school

The student teachers of the institution acquire all the essential teaching skills in classes before they go for practice teaching. Model lessons are demonstrated by the concerned teaching subject in-charges, who have an exclusive comprehension and experience in the subject. Mentor teachers integrate the ICT by using OHP, LCD Projector, power point presentations in orientation classes and demo lessons.

Orientation classes for microteaching and practice teaching have been an integral part of our institution's training process. The student teachers observe, learn and practice through various practice sessions in the institution. They are trained in various skills including preparing lesson plans, formulating behavioral objectives, selection, preparation and handling of appropriate instructional aids and evaluation techniques, reinforcement skills, chalkboard writing, set-induction, questioning, explaining, illustration with examples and stimulus variation. The mentor teachers also impart the knowledge and skill of observation and feedback mechanism.

The mentor teacher involves all the student teachers in preparation of lesson plans in a positive and constructive environment. After successful completion of their orientation, micro teaching and simulated teaching (With discussion lessons), student teachers are sent to the teaching practice schools. Every group is accompanied by a mentor teacher, who has thorough knowledge about the functioning of practice teaching school. The mentor teacher and student teachers visit the practice teaching school before their practice. During this visit, mentor teacher facilitates the school teachers and student teachers both, to get acquainted with what to do, from where to begin, and the nature, need and the problems of concerned classes. On the basis of interaction, between school teacher and student teachers, the course of action means practice teaching plans are developed. The head of the school, staff & mentor teacher discuss, direct and guide the student teachers. Considering the needs, problems and nature of school classes, the student teachers prepare their lesson plan and decide behavioral objectives, prepare teaching aids, decide teaching - learning activities and evaluation techniques in partnership with school staff and mentor teacher.

2.4.2. *What is the ratio of student teacher to identified practice teaching schools? Give details on what basis the decision has been taken?*

The ratio of student teacher to the identified practice teaching school is 1:20 in general.

First of all school are identified for the practice teaching of the student-teachers. Following criteria are kept in mind while identifying the schools:-

- School should be near to the college.
- It should be in easy access of the student-teachers.
- Basic amenities at the school.
- Availability of the school.
- Number of students' strength in the schools.

- Attitude of the head of the school & staff.
- Recognition / affiliation of school with the government.
- Medium of instructions at the school.

On the basis of above mentioned criteria the detail survey is conducted by the teaching practice committee of the college and then this committee selects the schools for practice teaching.

The decision of allotment of practice teaching schools to the student-teachers and ratio of student teachers to the identified practice teaching school is based upon the following facts.

- a. The total number of students or strength of the practice teaching school available for teaching practice.
- b. The attitude of head & school staff towards practice teaching.
- c. The infrastructure - classrooms, chalkboards & other facilities available for student teachers.
- d. The distance of practice teaching school from college and student teacher's locality or residence.
- e. Whether the school is primary or middle or secondary?
- f. Whether the school is girls school or co-educational?
- g. The transport facility available to the practice teaching school.

2.4.3 Describe the mechanism of giving feedback to the student and how it is used for performance improvement?

The mechanism of giving feedback to the students is manual. During micro teaching sessions conducted in simulations, the teacher-educator and the peers provide feedback about the lesson presented by the student-teachers. And also during the practice teaching session, mentor teacher involves head and teachers of practice teaching schools, peer group of student teachers with him for manual observation and to give feedback. From Session 2011-2012 the

institution also plans for adopting mechanical mechanism for providing feed back to student teacher. In this mechanism audio and video recording of the practice teaching lessons are done.

The mechanism adopted by the mentor teacher depends on the subject and nature of the practice lesson. All practice lessons are supplemented with immediate feedback to make the student-teachers aware of the mistakes. The mentor teacher himself observes each lesson and arranges a "discussion session" after practice teaching every day. The student teachers also make observations of their peer group members. In discussion session, mentor teacher encourages the student teachers to discuss their observations of practice lessons one by one. He creates a positive and motivating environment for feedback and all strength, drawbacks, limitations are discussed and remedial measures are suggested for improvement.

Principal of the institution and head of the school also provide their dynamic feedback during practice teaching to student teachers. The mentor teacher educates and guides the student teachers about what to observe, how to observe and how to give feedback to their peer. The desired classroom interaction and teacher behavior and teaching-learning activities to be organized are enlisted and distributed to all the student teachers to help them in observation and give feedback.

2.4.4. *How does the institution ensure that the student teacher are updated on the policy directions and educational needs of the schools?*

The institution's Principal involves mentor teachers, school heads and teachers of practice teaching schools, school students and student teachers to ensure that the student teachers are updated on the policy directions and Educational needs of the schools. The Principal facilitates the mentor teachers by arranging a prior meeting of heads and staff of the practice teaching school with

student teachers. She also seeks for the permission of D.E.O. and B.E.E.O. for the practice teaching.

In the meeting, mentor teacher establishes the interaction between both sides. He ensures that all practice school teachers and staff gets introduced with student teachers and all the student teachers develop a perspective about the vision, methodology, schedules and functioning of the practice school. Mentor teacher come across all the important policies of practice teaching school through discussion with head and staff of the school and makes clear to all the student teachers.

The institution arranges meetings with heads of all practice teaching schools time to time. Heads of these schools are invited in different institutional cultural events as guest of honor and judges. They are given a prime place for making aware the student teachers about different issues, problems and policies in school education.

The policy updates and educational needs of the schools are the main focus of wall magazine, morning assemblies, debate and discussion in our institution. The institution ensures that all its mentor teachers are updated themselves regarding educational policies like EDUSAT, Mid-day meal, recording of funds and documents on school education. The Mentor teachers provide the updates to all student teachers. A school plant report also provides reflection of the policies and need of that practice teaching school.

2.4.5 *How do the student and faculty keep pace with the recent development in the school subjects and teaching methodologies?*

The faculty members study the educational journals and reference books in school subjects for the knowledge of updates in content and methodologies. The recent development in school education like grading system, concept of

smart class and common entrance test for engineering, medical etc. have been discussed with student through wall magazine, morning assembly and discussion.

The faculty members are given opportunities to attend and participate in seminar, conferences, workshop and extension lecturer in colleges and Department of Education, Rajasthan to keep pace with the recent developments in the school subjects and teaching methodology. They develop their own teaching methods module for teaching, teaching aids and make use relevant tools and techniques.

The members of the faculty are in direct contact with the teachers of different practice teaching school to get acquainted with the change in school education system through meetings and personal interaction.

Before starting actual practice teaching curriculum of concerned education board is provided to the entire student teacher as well as teacher educator. The Institution subscribed various journals, magazines, paper of education fields. All these materials are provided all of them so that they keep pace with recent development in the school subjects and teaching methodologies.

2.4.6. What are the major initiatives of the institution for ensuring personal and professional /career development of the teaching staff of the institution?

The institution believes in quality teacher education, for which quality teachers are fundamental requirement and the following major initiatives have been taken by the institution to ensure the personal and professional development of the teaching staff:

1. Teachers are sponsored to attend the various seminars, workshops, conferences and registration fees, T.A. & D.A. are paid by the institution. The institution has a firm faith, that a quality faculty with job satisfaction only can accelerate & enrich the institutional academic excellence.

2. Teachers are provided with personal computer, internet access facility, library facility and guidance from Principal. The faculty can avail optimum academic leaves for their research work.
3. Institution encourages and facilitates the teachers to undertake and successfully complete their research programs like M.Phil. & Ph.D. in Education and other school subjects.
4. Faculty members who take up research are facilitated through study leave, adjustment in teaching schedule and secretarial support. They are encouraged and given academic leave for attending Orientation and Refresher Programmes. College provides training in the use of ICT and INTERNET. The faculty development programmes are organized from time to time for the benefit of staff members.

2.4.7. Does the institution have any mechanism to reward and motivate staff member for good performance? If yes give detail.

Yes, The Institution thrives for excellence in teacher education. It has a strong and spontaneous conviction that we are a family with a single vision - to get acknowledged as a premier institution for teacher education with a difference. This difference can be created by motivating and rewarding the staff members for their endless efforts and appreciable performances in this direction. The Principal and managing committee recognize and reward the staff members by following mechanisms:

- Increments and incentives for better results in annual university examinations in concerned subjects are given to the staff members.
- Institution provides recognition by conferring upon the certificates of merit to the teachers for their academic and co-curricular excellence.
- The institution has a provision for its good performing teachers that they can obtain academic leave for research and studies.

- The Faculty members with exceptional best results are recommended as deputy/assistant supdtt. in annual theory examinations and coordinator - examiners in annual practical examinations of the B.Ed. by the Maharaja Ganga Singh University, Bikaner.
- The faculty members are involved in decision making and they have liberty to share, suggest and introduce novel innovative, constructive, creative ideas in teaching learning process and other co-curricular activities.
- The institution recognizes the catalytic role of active and dedicated teachers and motivates them by conferring upon them the special roles as staff secretary, student advisor, controller of examinations and convener of different college committees.
- The Principal and managing committee have personal equations with its faculty members. This cordial bond ensures the intrinsic motivation among staff members for better results.
- The institution provides desirable facilities to its good performing staff members i.e. PC for personal use, internet and fax for their teaching, training, academic and research work.
- The institution has a brand new transport facility for convenient and comfort travel of its staff members. Almost all staff members used to commute for their duties.
- Incentives, facilities, recognition and personal care and concern of faculty members restore their faith and devotion to the institution.

2.5 Evaluation Process and reforms

2.5.1 How are the barriers to student learning identified, communicated and addressed?

The institution has a strong commitment for quality teacher education and every challenging situation encountered on this path is properly defined and

all the necessary measure is taken. The barriers to student learning are checked immediately. The environment of the institution is conducive to the student teachers potential actualization. All faculty members are motivated and devoted for the welfare of student teacher. The student advisor in-charges have a keen watch to make them feel comfortable and contended in term of learning outcome. Student teacher`s class room problem and campus experience are invited to share by the tutor and all the student teacher in charge. Their requirement, suggestion, needs and problems related to sitting arrangements, books, transport, and canteen facility, medical facility, learning barriers, peer group disturbance or any other personal problem are properly identified and addressed. These problems are solved with the help of teachers, principal, director, management committee of the college. The faculty members walk an extra mile for solving the learning problems of student teachers. Personal attention and care of faculty members facilitate all the student teacher to share her learning problem. Faculty member provide remedial teaching, repeat or modify the instructions delivered already and make change in their lesson plans and teaching aids and methodology. The provision of “SUGGESTION BOX” also provides an extra space to student teachers to share their view on different learning barriers in campus.

2.5.2. *Provide details of various assessment /evaluation processes used for assessing student learning?*

The institution practice following assessment/evaluation mechanisms:

- a. Class tests, assignment and report writing are general classroom tools for the assessment in routine teaching sessions.
- b. The work education, work experience, community participation are supervised and recorded by the respective teacher in-charges in terms of skills and attitude of the student teachers in these areas for internal assessment.

- c. Skill in teaching are observed & evaluated in a conducive environment in micro teaching session groups & real practice teaching group by the teacher in charge.
- d. Internal assessment is conducted and finalized on the basis of student teachers performance in two house examinations, quality of their project reports, viva-voce and their participation in different curricular and co-curricular activities.
- e. Project work, practical, class tests and practical are designed and executed for the mid-term evaluation.
- f. External and term end evaluation is done by the university annual exams in theory and practical.

2.5.3. *How are the assessment /evaluation outcomes communicated and used in improving the performance of the students and curriculum transaction?*

At the beginning of the academic year Principal's address is arranged to give general instructions and academic plan of the college to the students. Methods of evaluation, code of conduct are communicated to the students. The printed prospectus gives all the necessary information.

Every year college announces the merit in each subject and the student are awarded certificate of merit and prize in annual get together. The assessment and evaluation outcomes in house examinations, unit tests and internal assessment are communicated in personal and then remedial sessions are organized to remove the weaknesses and failures in concerned subjects.

The teaching methodology and other class room activities are modified accordingly to meet the problems and needs of student teachers identified.

The results of house examinations and annual examinations are played on college notice board also to acknowledge the achievements students. Prospectus and advertising media also exhibit the results in brief and top

meritorious students in general. This recognition stimulates 3 learners to perform their best. Specific needs of low performing, average and excellent performing learner are identified through above mentioned assessment tools and then teaching faculty arrange extra asses for low performing student teachers and special tasks for extra ordinary students for curriculum transaction.

2.5.4. *How is ICT used in assessment and evaluation processes?*

Computers are used for the question paper setting, results recording and analysis. LCD projector, OHP, audio video recorder with T.V. and tape recorder are used for seminar presentation and skill in teaching lesson plans. Tape recorder is used for analyzing and making correction in linguistic skills.

2.6 Best Practice in Teaching – Learning and Evaluation Process

2.6.1 *Detail on any significant innovations in teaching/learning/evaluation introduced by institution.*

At the beginning of the academic year Principal's address is arranged to give general instructions and academic plan of the college to the students. Methods of evaluation, code of conduct are communicated to the students. The printed prospectus gives all the necessary information.

Periodic tests, pre-annual examination are conducted for traditional courses. Students also prepare project wherever it is necessary. Final examination is conducted by the University. Performance of students in co-curricular and extra-curricular activities is also assessed.

Before the commencement of academic year, a diary is given to all the teachers, it is mandatory for all the teachers to prepare an annual teaching plan. It is communicated to the students. Annual teaching plan is implemented by all the

teachers. The progress is checked by Principal on the last day of every month. Shortcomings / suggestions, if any, are discussed in Faculty-wise co-ordination committee meetings. A copy of individual time-table is also submitted to the office. The syllabus is unitized according to the teaching schedule.

Lecture method of teaching is supplemented with other methods. In these methods there is greater involvement of teachers and students in the teaching learning process. This is done through drilling method, demonstration method, and use of maps, charts and models. On line teaching method is also used with the help of LCD projector in audio-visual unit. The college is well equipped with media facility. Teachers are taking benefit of these to make their lecture more meaningful and interesting.

The students after admission are assessed through periodic test, quiz programme, seminar, workshops, terminal examination, viva-voce examination, project work evaluation and University's Theory/Practical examination(s). Examination system is annual

Extra periods are conducted by teachers for educationally disadvantaged students. Personal attention is also given to slow learners.

Advanced learners are challenged to work ahead of the rest by different means such as

- Financial help from donors is given to them.
- Cash prizes are given to them.
- Additional borrower's ticket is given to them.
- Extra borrower's cards are also given to those who excel in co-curricular and extracurricular activities.
- Students are also encouraged to take part in different activities organized by their associations and to appear for various competitive / entrance examinations.
- Personal guidance is given to the students.

- Progress of the students is communicated to the parents from time to time.

The college has introduced evaluation of teacher by students. College also has a method of evaluation of teacher on the basis of teacher's self appraisal report, which is submitted at the end of every academic year. Principal goes through this appraisal report and suggestions, if any, are communicated to the concerned teacher. Every month Principal visits every class in order to obtain feedback from the students.

Innovative programmes are discussed in the coordination committee meetings. In the college good relations are maintained amongst teachers, administrative staff, technical staff and students. The college authority sees to it that harmony is maintained among all the units (teaching and non-teaching). All post of teaching staff is filled up.

For easy accessibility to the library, it is situated at the ground floor of the building. Librarian personally attends the physically challenged student-teachers.

4.4 ICT AS LEARNING RESOURCE

4.4.1 *Give details of ICT facilities available in the institution (Computer lab, hardware, software, internet connectivity, access, audio visual, other media and materials) and how the institutions ensures the optimum use of the facility.*

Various ICT facilities are available in the institution. The college has established well equipped laboratories.

Educational Technology cum Computer Lab-

The institution has an advanced education-cum- computer lab, which provides computing facilities. The lab comprises of computers linked with wide range of software like MS office, including dictionary. Communication and printing services are also available. The software setup has latest version of Windows. Broadband connection for Internet is there in the lab. Software in the form of CD's based upon various subjects like linguistic skills, children with special needs, information and communication technology, health and fitness, value education, environmental education, teaching and teacher behavior are available. Institution also does video recording of micro teaching and real teaching practice lessons presented by the student teachers. This lab comprises of advanced educational technology equipments which contribute a lot in modern teaching - learning practices. The lab comprises of various equipments like over-head projector, slide projector, television, tape recorder, radio and audio- video aids like charts, models, maps, globes, pictures, slides and transparencies meant for effective teacher training. Public address system is available. Student teachers are given training in handling these equipments and using them in making teaching effective.

4.4.2 *Is there a provision in the curriculum for imparting computer skills to all students? If yes give details on the major skills included.*

Proper consideration is given for the use of ICT while implementing the curriculum. In which student teachers learn working and the use of all the technological aids available in the college. They also learn the skill of handling these equipments and their effective use in teaching learning process. Teacher

provides necessary instructions to the students regarding the course content and skills regarding the use of these equipments.

There is provision in the curriculum for imparting computer skills to all the students. By implementing the subject computer education basic computer skills are imparted to the students. They are taught about information technology, internet, e-mail etc. Provision of discipline of computer education and computer application is there in the curriculum and this made the process easier for the institution for making student-teachers aware of the role of ICT in education. In this the students are taught about MS Word, MS Excel, and Power Point Presentation and Application software. Various books on computer education are also available in the library.

In this college each & every student teachers are trained in Handling of followings Equipment

- Over-head Projector
- Slide-Projector
- Multimedia Projector
- Computers
- Tape-Recorder & Camera
- Epidiascope
- T.V. and Video-Cassette-Recorder

4.4.3 *How and to what extent does the institution incorporate and make use of the new technologies/ICT in curriculum transactional processes?*

Staff members of the college are proficient in the use of ICT. They teach the students in their respective teaching subjects like teaching of Social studies, Science, English, Hindi and Environmental Education by using CD's, transparencies, power point slides through computers and over head projector.

4.4.4 What are major areas and initiatives for which student teachers use / adopt technology in practice teaching? (Developing lessons plans, classroom, transactions, evaluation, preparation of teaching aids)

Student-teachers take keen interest and take the help of ICT in preparing lesson plans, teaching aids and delivery of lesson. Student teachers make their lesson plans on word processor and also prepare power point slides to deliver their lessons during micro teaching. The student- teachers present their seminar through transparencies on OHP.

4.5 OTHER FACILITIES

4.5.1 How is the instructional infrastructure optimally used? Does the institution share its facilities with others for e.g.: serve as information technology resource in education to the institution (beyond the program), to other institutions and to the community?

Instructional infrastructure is optimally used by the institution. The institution shares its facilities with the community. The services of teachers of this college are furthered in giving extension lectures. The teachers of this institution visit other institutions and act as judges in other institutions functions. Faculty members of this college are invited many times by the other institutions for guest lectures and as a resource person.

The audio- visual aids like charts and models prepared by the student teachers are donated to the practice teaching schools and schools situated nearby the college.

Improvised apparatus prepared by the college students is also gifted to the practice teaching schools.

4.5.2 What are the various audio-visual facilities / materials (CDs, audio and video cassettes and other materials related to the program) available with the institution? How are the student teachers encouraged to optimally use them for learning including practice teaching?

Various audio- visual aids facility and material like CD, audio cassettes, video cassettes, transparencies and slides based on content of various school teaching subjects are available. A teacher in-charge of each laboratory keeps track of facilities, Lab maintenance, upkeep and upgrading the equipments, materials and services available in the laboratory. Teacher in-charge of respective lab ensures the careful

and proper use of equipments of the lab. The damaged material is replaced and the areas which need some modifications are located by teacher in-charge and feedback from student teacher is taken and then necessary modifications are done from time to time. Proper funds are allocated and provided by the institution for enhancing the facilities and to ensure the maintenance of the equipments of the lab. The lab in-charge takes care of the requirements of the lab and purchases equipments and other lab material according to the need and after discussing with the director principal. The student teachers are encouraged to optimally use the various material and equipments for learning including practice teaching. They are encouraged to make lesson plans, power point slides, charts, models, transparencies related to their chosen teaching subject. Student teachers are shown model lesson plans. They are provided with reference material, teachers themselves demonstrate the use of equipments and material before the students and the students are motivated to use optimally these learning material.

4.5.4 Give details on the facilities like multipurpose hall, workshop, music and sports, transports etc. available with the institution.

- **Multipurpose hall** - The institution is having facility of multipurpose hall. Multipurpose hall has seating capacity of more than 200 persons. It acts as a common ground for students, faculty and renowned educationists for the regular interfaces, conferences, seminars and other events. This is the venue where daily morning assembly is held. For organizing cultural events and seminars this hall is equipped with communication tool like public address system.
- **Workshop** - The workshop has been established on the lines of 'learning by doing' philosophy in teacher education. The workshop is equipped with moulds of chalk making, candle making and essential material of interior decoration, paper cutting and cardboard modeling, pot decoration, preparing best out of waste and material for chart and model preparation. Workshops on paper cutting and card board

modeling are organized for the students from time to time during each session.

- **Sports** - Provision of playground in the college Campus is there. Field for organizing games like badminton, volleyball, handball is there and material for games like chess, skipping, carom board is available.
- **Transport** - The College provides bus facility from adjoining areas of the college campus both for teachers and students.

4.5.5 Are the classrooms equipped for the use of latest technologies for teaching? If yes, give details. If no, indicate the institution's future plans to modernize the classrooms.

The institutions has a futuristic plan is to modernize the classrooms for the use of latest technologies for teaching. The classrooms will be equipped with capability of using over head projector.

4.6 BEST PRACTICES IN INFRASTRUCTURE RESOURCES

4.6.1 How does the faculty seek to model and reflect on the best practice the diversity of instruction, including the use of technology?

Faculty seeks to model and reflects on the best practice in the diversity of instruction, includes the use of technology. Well qualified faculty is there and they use ICT like LCD projector, overhead projectors and power point slides for teaching. Most of the teachers participated in the workshop and have got training by an expert about the use of computer in teaching. Teachers lay emphasis on the overall development of the students. Teaching methodology is diverse. Use of ICT, inductive thinking strategies and problem solving methods are used for

teaching. Main emphasis is on transfer of learning from theoretical to practical aspects, for this stress of every teacher is on learning by doing practices. The work supposed to be done by the learners is first demonstrated by the teacher. The approach adopted by the teacher is flexible not rigid. From time to time teachers attend and participate in different seminars, conferences and workshops. All the teachers are proficient in using computers for teaching. In teaching of science respective teacher lays emphasis on improvisation of apparatus. Here the emphasis is on learning through experiences and learning by doing. Teachers create such situations for providing conducive environment to the students for appropriate learning.

4.6.2 List innovative practices related to the use of ICT, which contributed to quality enhancement.

- During teaching practice, student teachers are given training about the use of EDUSAT for teaching.
- Every student-teacher is taught about the basics of computer.
- Student- teachers use ICT for preparing their lesson plans and seminars.

4.6.3 What innovations/best practices in 'Infrastructure and Learning Resources' are in vogue or adopted / adapted by the institution?

The followings are the best practices followed by the institution:-

- The institution is situated in lush green environment and free from all types of pollution.
- The building of the institution is earth quake resistant.

- The institution provides furnished classrooms and well equipped laboratories for smooth functioning of teaching-learning process.
- House system is followed by the institution. Student-teachers are divided into various groups. Each group being identified with a house named after great educationist. All the house organize morning assemblies and student teachers participate in different activities like prayer, poem recitation, mantraucharan, news reading, thought reading etc. during morning assembly. Inter-House competitions are organized on curricular and co-curricular activities to develop competition spirit and self confidence among student teachers. Student teachers of respective house maintain bulletin board daily. All the house jointly participate in various activities organized by the college.
- Tutorial groups are constituted with a teacher educator as a tutor. Student teachers interact with the tutor and concept of individualized learning is followed.
- Student's problems are diagnosed and remedial teaching is provided to the concerned students.
- Each teacher works independently as well as in a team also. Each teacher is a member of a committee headed by a convener for doing routine work of the college and for smooth working of teaching - learning process.
- To trigger thinking among the student teachers, the college has provision of 'Think tank'. The student teachers write their ideas and feelings and put it in box.

- 'Suggestion box' is also available in the college premises. The needs of students and suggestions in the suggestion box are attended on priority.
- Faculty members made a committee where they discuss with each other about curriculum, research and other innovative practices in teaching and learning.
- Specific teaching strategies are adopted to cater the needs of advanced learners and slow learners respectively.
- The performance of the teacher educators is assessed with the feedback mechanism.
- The college organizes cultural programmes and publishes a magazine which gives the students opportunity to exhibit and express their talent.
- Teacher's evaluation is made through self appraisal.

Criterion V: Student Support and Progression

5.1 Student Progression

5.1.1 How does the institution assess the students' preparedness for the programme and ensure that they receive appropriated academic and professional advice through commencement of their educational programme to completion?

The institution organizes many competitions, time to time, in order to access and enhance the professional competency of the student – teachers. These competitions include flower arrangement, preparation of teaching aids, chart making, chalk making, chalk board writing, preparing best out of waste, post decoration etc., Students – teachers are encouraged and sponsored to participate in the inter college competitions, organized by different colleges of Rajasthan, like skill in teaching, poetry recitation, singing, dancing, quiz, shlokaucharan, poster making, model making etc., For developing teaching skills the college organizes various training programme of “Micro Teaching”. In this training session, micro lessons and mega lessons in simulation and observation lessons are practiced.

After this the student teachers are sent to school for their practice teaching in real situation, where the student – teachers are encouraged to participate in administrative as well as academic activities of the school like organization of competition, organizing morning assembly, participation in Mid-Day meal Programme and maintaining discipline etc., They also find out the deficiency and realities of classroom and possible efforts are done by the student teachers to minimize the problem faced by them with the help of their supervisor (mentor) and school staff. The schools heads and the teachers provide suggestions to the student – teachers about teaching and managerial skills during their practice teaching.

In order to prepare them for the development of various aspects of their personality, inherent potential and interest, a Talent Hunt programme is organized in the beginning of the session. They are encouraged to participate in various activities of the programme. The programme includes cultural activities like Solo Dance, Group Dance, Drama, Mimicry, speech, Poetry recitation, Solo song, Group Song, Poster making, Mono acting etc. College magazine, Mathematical Club, Science Club, Eco Club, Language Club etc. are other resources of learning and progression.

In order to develop the quality of leadership and sense of responsibility student teachers have "Educational Society" in which two members of each house are nominated.

Teacher-educators observe the micro teaching sessions, sessional work and academic achievement through class tests and house examinations to ensure that they are receiving appropriate academic and professional advice.

5.1.2 *How does the institution ensures that the campus environment promotes motivation, satisfaction, and development and performance improvement of the students?*

The institution's environment provides a lot of opportunities to the students-teachers to develop their potential and skill. Further interactive learning through discussion, demonstration and practical experience is being followed to create an environment conducive to learning.

The institution also the allow students to collaborate with peer groups, review their marks, and overall performance, register and participate in various events. The institution makes this vital information like transcripts, attendance, event calendar, college announcement etc available in one central location. Thus the institution acts as a means for consolidation of variety of information and effective utilization of the same. In this way the institution manages to maintain the quality in its administration and academic activities.

EDUCATION SCENARIO OF THE STATE

Teacher Education in Rajasthan state is passing through many challenges in the present times. Though the regulatory bodies such as UGC, NCTE and NAAC are trying their best to improve the quality of education but the scenario is not up to the expectations. Education is the subject of Concurrent List under the 7th Schedule of Indian Constitution and both, State and Government as well as Centre Government can make laws on the subject of Education. Teacher's Training has become essential with the changing scenario in the education system. Unless proper training is provided to the teachers, they will be failing in doing justice in teaching.

At Secondary level, one year B. Ed. (Bachelor of Education) programme was offered in the 811 institutions (number of institutions may vary time to time) with 90,000 seats for session 2014-15. These institutions are affiliated with the any of many universities (JNV University Jodhpur, MDS University Ajmer, Rajasthan University Jaipur etc.) of the Rajasthan state recognized by NCTE. Admission in B. Ed. programme is made through a combined Entrance Examination conducted by MDS Univ., AJMER (RAJASTHAN) on rotational basis. Basic qualification for the B. Ed. programme is graduation or post-graduation with minimum of 50% marks in general category & 45% in other category.

BEST

PRACTICES

Introduction

The institution has the facility of Computer cum Information and Communication Technology (ICT) Laboratory to enhance access, quality, and effectiveness in education in general and to enable the development of more and better teachers for society. However, contemporary computer technologies, such as the Internet, allow new types of teaching and learning experiences to flourish. ICT makes it easier to create environments in which students can learn by doing, receive feedback, and continually refine their understanding and build new knowledge. ICT is one of the major contemporary factors shaping the global economy and producing rapid changes in society. ICT can transform the nature of education – where and how learning takes place and the roles of students and teachers in the process of teaching and learning. With the help of ICT students teachers and faculty have to learn to navigate large amounts of information, to analyze and make decisions, and to master new knowledge and to accomplish complex tasks collaboratively. It can be considered useful input in any educational activity.

Objectives

The institution has the following objectives for the inclusion of ICT in the curriculum as a mandatory subject for all the student teachers:

- To develop students' understanding of the roles of technology in teaching-learning processes in an information society, and upgrade teachers' knowledge / skills in using ICT in the changing environment.
- To make the Student Teachers / learner familiarize themselves with hardware and software including packages such as Microsoft Word, Microsoft Excel, and others.

- The use of ICT in the process of teaching and learning, such as in computer-aided design and computer-aided manufacturing.
- To build national/institutional capacity in using new ICT in teacher education.

Best Practices

The institution has a Computer cum ICT Laboratory which is well furnished. It is fully air conditioned and carpeted. It is equipped with 50 Pc's of HCL. Each PC has their own LCD's and has their 1 GB RAM, 160GBHDD and Dual core processor. Generally the number of computers which are used by the student teachers in laboratory is 45 to 50. The Computer cum ICT Laboratory is fully equipped with internet connectivity. All the PC's have the facility of the Internet and Intranet. The connection for the Internet is Broad-Band (BSNL). The LAN card support the 100 mbps speed. In the laboratory there are 3 ports and every port has the capacity of connectivity to the PC's are 16 by the RJ5. So we can connect 16 PC to the one port for connecting the internet.

In computer laboratory there is even facility of interanet because cross cables are attached to each PC, by which we can transfer the images, text or any other type of data. The LAN card in the lab is working properly.

Software: Software is the programme, which is essential to run the computer. The following Software are available in the Laboratory:

- (i) Window XP (System Software)
- (ii) Avira or others related antivirus (Utility Software)
- (iii) Team Viewer, Typing Master (Utility Software)
- (iv) MS office (Application Software)

Audio and Visual Resources:

- (i) Speaker
- (ii) Headset
- (iii) LCD
- (iv) Monitor
- (v) Projector

For the faculty, there is another separate computer Laboratory with all the facilities mentioned above. This facility is provided free of cost to all the teaching and non-teaching staff members of the institution. In their free time the staff members are expected to sit there.

This practice is not limited to the faculty and student teachers of the institution but also to the rural youth of the surrounding areas of the Hanumangarh. This region is lacking of basic facilities in the sphere of education and the students are showing poor performance in the academic subjects basically in English, Computer, Science and Mathematics etc.

Obstacles

To provide this practice the institution has faced many problems due its location in the rural area as:

- The institution is lacking 24 hours uninterrupted electricity supply which is essential for running computers and other computer related accessories. It took more than two years in getting Broad-Band internet connection for ICT lab.

- Poor server connectivity due to the extra length of the supply wires is being faced by the institution which affects the efficiency of the working of the ICT lab.
- Most of the students belong to the rural area lacking basic knowledge of computer with studies in English medium. So it is tough for them to understand the technical English language of the ICT and it affects their performance in the subject.
- The institution is affiliated for offering one year B. Ed. programme only for girls and most of them do not show needed interest in the subject of ICT rather they opted needle work or the similar subjects, which are helpful in discharging their household duties.

Strategies for overcoming the obstacles

Strategies adopted by the institution for overcoming the obstacles mentioned above:

- The demand of uninterrupted electricity supply is met by running of high power generator which costs many times than the general electric supply.
- The poor server connectivity is countered by getting extra connections, which are three at present.
- In order to overcome the transport problem, the institution has to run its own transport which is running in deficit from past three years.

Impact of the practices

With the help of ICT learners familiarize themselves with hardware and software including packages such as MS Word, MS Excel and others. ICT has enabled the students and faculty to browse and download learning material. ICT affected the knowledge of faculty and students in tremendous and positive ways. With the help of ICT following changes have occurred in students' learning environment:

- Student teachers have become more independent learners, who do not consider the lecturers as the sole source of knowledge anymore.
- Student teachers increasingly enjoy learning.
- They enjoy the democratization process taking place at classroom level.
- They consider their lectures as students themselves.
- They have stopped spending considerable time and energy running around libraries to look for information when given an assignment.
- They are better able to assess educational practices and policies.
- They are also able to understand the roles of technology in teaching-learning processes in an information society, and upgrade their knowledge / skills in using ICT in the changing environment.
- Students and teachers have also able to navigate large amount of information, to analyze and make decisions, and to master new knowledge and to accomplish complex tasks collaboratively.
- Use of ICT unlocks hidden potential for those with communication difficulties.
- Students have able to demonstrate achievement in ways which might not be possible with traditional methods.

- ICT has enabled tasks to be tailored to suit individual skills and abilities.
- Computers have improved independent access for students to education.
- Students with special educational needs are able to accomplish tasks working at their own pace.
- Students with profound and multiple learning difficulties have communicate more easily.
- Increased ICT confidence amongst students motivates them to use the internet at home for schoolwork and leisure interests.
- It has reduced isolation for teachers working in special educational needs by enabling them to communicate electronically with colleagues.
- ICT has supported teacher's reflection on professional practice via online communication.
- Use of ICT has improved skills for staff and a greater understanding of access technology used by students.
- It has enhanced professional development and the effectiveness of the use of ICTs with students through collaboration with peers.

Resources Required

Resources required for ICT Laboratory are separate room for computer laboratory, computers, internet and intranet facility, software, audio resources, audio-visual resources, LCD projector, uninterrupted supply of electricity.

| (8) त्रुटियां एवं उपचारात्मक कार्य | (9) परीक्षण एवं मूल्यांकन |

इकाई (4)

1. तृतीय भाषा (संस्कृत) शिक्षण में दृश्य-श्रव्य सामग्री
 - (क) सम्प्रत्यय, महत्व एवं सावधानियां
 - (ख) निम्नांकित का चयन, निर्माण एवं इनके प्रयोग के सिद्धान्त
- अ. श्यामपट्ट, चित्र, चार्ट, भाब्द चित्र, पलैनल बोर्ड, रेडियो, कम्प्यूटर, इन्टरनेट एवं ओ.एच.पी.
- ब. अभिनय, युग्म कार्य, समूह कार्य
- 2- संस्कृत पाठ्य सामग्री का शिक्षण : निम्नांकित का सम्प्रत्यय, महत्व प्रयोग, विधि, प्रविधि, शिक्षण सामग्री एवं गुण दोष :-

| | |
|--------------------|------------------------|
| (1) व्याकरण शिक्षण | (2) गद्य शिक्षण |
| (3) नाटक शिक्षण | (4) कहानी विकास शिक्षण |
| (5) संवाद शिक्षण | (6) पद्य शिक्षण |
| (7) रचना शिक्षण | (8) अनुवाद शिक्षण |

इकाई (5)

1. मूल्यांकन
 - (1) भाषा में मूल्यांकन का सम्प्रत्यय, अर्थ, महत्व ।
 - (2) तृतीय भाषा में मूल्यांकन का सम्प्रत्यय, व्याकरण, अनुवाद एवं भाषा कौशलों का मूल्यांकन
 - (3) तृतीय भाषा के रूप में संस्कृत में मूल्यांकन – अर्थ, सम्प्रत्यय एवं महत्व

- (4) प्रश्न पत्र निर्माण (ब्लू प्रिन्ट)
2. निदानात्मक एवं उपचारात्मक शिक्षण : सम्प्रत्यय, महत्व, शिक्षण एवं सामग्री निर्माण के सिद्धान्त।
3. संस्कृत में निम्नांकित का निदानात्मक एवं उपचारात्मक शिक्षण :-
 - (1) श्रवण सम्बन्धी
 - (2) कथन सम्बन्धी
 - (3) पठन सम्बन्धी
 - (4) लेखन सम्बन्धी
 - (5) व्याकरण सम्बन्धी

सत्रीय परीक्षा 10 अंक

सत्रीय कार्य 10 अंक

(निम्नांकित में से कोई एक)

1. माध्यमिक स्तर की किसी एक संस्कृत पाठ्य पुस्तक की समीक्षा।
2. पाठ्य पुस्तक में सम्मिलित भाषागत अभ्यास कार्य की सूची बनाना एवं उनकी समीक्षा।

13 PEDAGOGY OF HOME SCIENCE

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objectives:

To enable the pupil – teacher to:

- i) Understand the nature and importance of Home Science and its correlation with other subjects.
- ii) Understand aims and objectives of the subject.
- iii) Realize the essential unity between laboratory work and theoretical background of the subject.
- iv) Analyze school syllabus of the subject in relation to its applicability to practical situation and adaptability of the curriculum to local needs.
- v) Utilize effectively the instructional material in teaching Home Science.
- vi) Construct test items to measure objectives belonging to various cognitive levels.
- viii) Identify specific learning difficulties in Home Science and to provide suitable remedial individual instruction to them.

Course Content:

Unit – 1

1. Nature and meaning of Home Science.
2. Values and importance of Home Science for students of higher secondary stage.
3. Correlation of Home Science with other subjects.
4. Aims and objectives of Home – science (Bloom's approach to specify the outcomes).

Unit – 2

1. Problem solving Method
2. Demonstration Method
3. Experimental Method
4. Project Method
5. Lecture – Cum – Demonstration Method

6. Question – Answer – Techniques
7. Text Book
8. Dramatization and Field Trips

Unit – 3

1. Concept of Planning for Home Science Teaching.
2. Various steps of Planning – Unit and Lesson Planning.
3. Importance and advantage for planning of unit and lesson plan.
4. Qualities of a good Home Science Teacher.
5. Role of Home – Science Teacher.

Unit – 4

1. Specific use of the following: Audio Visual aids in teaching of Home Science.
2. Laboratory
3. Charts
4. Diagrams
5. Black Board
6. Reference Books
7. Graphs
8. Radio
9. T.V.
10. Magazines
11. Computer.
12. Co-curricular Activities

Unit – 5

1. Concept, Principles, Basis and Measures to improve a syllabus.
2. Curriculum in Home – Science for different stages of school instruction.
3. Concept of measurement and evaluation.
4. Criteria of good evaluation.
5. Merits and limitation of evaluation.
6. Preparation of Blue – Prints of Unit Test.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

1. Writing of any Essay on any topic based on the contents of the above units.
2. Preparation of Visual-aid for solving community nutrition problem.

Books Suggested:

1. Begum, Fahmeeda (2006): Modern Teaching of Home Science, Anmol Publications, New Delhi.

2. Bhargava, Priya (2004): Teaching of Home Science/Commonwealth Publishers, New Delhi.
3. Chandra, Arvinda; Shah, Anupama and Joshi, Uma (1995): Fundamentals of Teaching of Home Science, Sterling Publisher, New Delhi.
4. Dass, R.R. and Ray, Binita (1985): Teaching of Home Science, Sterling Publishers, New Delhi.
5. Devdas (1955): Teaching of Home Science in Secondary School, All India Council for Secondary Education, New Delhi.
6. Kapoor, Ritu (1994): Teaching of Home Science, Parkash Book Depot, Ludhiana.
7. Siddiqui, Mujibul Hasan (2007): Teaching of Home Science, A.P.H. Publishing Corporation, New Delhi.
8. Yadav, Seema (1994): Teaching of Home Science, Anmol Publications, New Delhi.
9. शौरी जी.पी. एवं सरन डी.पी., गृह विज्ञान शिक्षण, विनोद पुस्तक मन्दिर, आगरा।
10. अस्थाना, एस.आर., गृह विज्ञान का अध्यापन, लक्ष्मीनारायण अग्रवाल, आगरा।
11. सुखिया एस.पी. एवं महरोत्रा गृह विज्ञान शिक्षण, हरियाणा साहित्य अकादमी, चण्डीगढ़।
12. अग्रवाल लक्ष्मीनारायण, गृह विज्ञान का अध्ययन।

14 - PEDAGOGY OF GENERAL SCIENCE

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objective: To enable the student teacher to:

1. Understand the nature, scope, values and objectives of teaching science at Secondary Level.
2. Develop competence in teaching different topics of Science effectively.
3. Develop scientific temper & provide teaching in scientific method to their student.
4. Use various methods with appropriateness of content, level and classroom situations to make pupils learning meaningful
5. Utilize the instructional materials effectively in the teaching of Science
6. Organize Co-curricular activities & practical work in Science
7. Use method most appropriate to assess the progress & achievement of the pupil & thus prepare appropriate tests for the purpose
8. Diagnose the gaps and misconception in learning science, evolve remedial measures.

Course Content:

Unit – I : *Nature, Scope and Objectives*

- a) Definition and concept of Science.
- b) Place of Science in School Curriculum.
- c) Values of teaching Science at School Level.
- d) Correlation of Science with other subjects.
- e) Objectives of teaching sciences at Secondary Level.

Unit – 2: *Curriculum and Planning*

- a) Principles of developing Science Curriculum at Secondary Level.
- b) Factors affecting the selection and organization of Science Curriculum.
- c) Unit Plan and Lesson Plan.
- d) Qualities and responsibilities of Science Teacher.
- e) Role of teacher in training students in Scientific method and developing creativity among students.

Unit – 3: *Methods of Approaches*

- A. Lecture method, Demonstration, Lab. Method Problem solving, Heuristics, Project Method, Inductive & deductive method.
- B. Inquiry approach programmed Instruction, Panel discussion, Team teaching & Workshop.

Unit – 4: *Instructional Support System*

- b. Multi sensory aids – Charts, models, Bulletin Board, Flannel Board, Transparencies, Overhead Projector, Radio, T.V. Computer.
- c. Co-curricular activities – organization of science club, science fair and excursions, use of community resources.
- d. Science Lab Planning & equipping Science Lab. Guidelines for organizing practical work care and maintenance of equipment, safety precautions for work in Science Lab.

Unit – 5: *Evaluation*

- a. Evaluation: Concept, types and purposes.
- b. Type of test items – Objective type, S.A. & Essay type.
- c. Planning objective based test items of different types.
- d. Preparation of Blue Print and construction of Achievement test.
- e. Evaluation of practical work in Science.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

Any One

- 1. Case study of Science club
- 2. Report of Science fair or excursion.
- 3. Development of Blue Print

Books Suggested:

- 1. Sood J.K., Teaching Life Sciences, Kohli Publishers, Chandigarh 1987.
- 2. Sharma L.M., Teaching of Science & Life Sciences Dhanpat Rai & Sons Delhi 1977.

15 PEDAGOGY OF CHEMISTRY

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objectives: To Enable the student teacher to:

1. Understand the nature, place, values and objectives of teaching Chemistry at Secondary/Senior Secondary Level.
2. Establish its correlation with other subjects.
3. Evaluate critically the existing syllabus of Chemistry prescribed for Secondary/Senior Secondary level in the State of Rajasthan.
4. Develop yearly plan, unit plan and lesson plan for Secondary/Senior Secondary Classes.
5. Provide training in Scientific method and develop scientific temper among their students.
6. Use various methods and approaches of teaching Chemistry.
7. Acquire the ability to develop instructional support system.
8. Plan and organize chemistry practical work in the Laboratory.
9. Organize Co-curricular activities and utilize community resources for promoting science learning
10. Use method most appropriate to assess the progress and achievements of the pupil & thus prepare appropriate tests for the purpose (both theoretical & practical)

Course Content:

Unit – 1: Nature Scope and Objectives

- a) Nature of Science with special reference to Chemistry.
- b). History of chemistry with special reference to India.
- c) Place & value of teaching chemistry at Secondary/Senior Secondary level.
- d). Correlation of Chemistry with other subjects.
- e) Objectives of teaching chemistry at Secondary/Senior Secondary level.

Unit – 2 : Curriculum and Planning

- a) Principles of developing Chemistry Curriculum at Secondary/Senior Secondary level.
- b) Modern trends in Chemistry Curriculum CBA, Chemistry Study, NUFFIELD – O & A level.
- c) Critical appraisal of Chemistry syllabus at Secondary/Senior Secondary level prescribed by Board of Secondary Education, Rajasthan.

- d) Planning Daily lesson plan, unit plan & yearly plan.
- e) Qualities & responsibilities of Chemistry teacher.
- f) Teacher's role in training students in Scientific method and in developing creativity and scientific temper among learners.

Unit – 3: Methods and Approaches

- a) Lecture method, Demonstration method, Lab. Based methods, Inductive & deductive method, problem solving, heuristic & Project method.
- b) Inquiry approach, programmed instruction, Group discussion, self study, Team teaching, CAL, Seminars & Workshops.

Unit – 4: Instructional Support System

- a) Multisensory aids: Charts, models Flannel Board, Transparencies, OHP, Radio, T.V. Computer.
- b) Co-curricular Activities: Organization of science club, science fair and visits to places of scientific interest.
- c) Chemistry Lab: Layout Plans, equipments, furniture, and maintenance of records, repair, care and improvisation of apparatus, safety measures in Lab. Organization of Practical work.
- d) Role of State & National Level Institutions & Laboratories like DST, NCL, Fertilizer, Pesticide & Chemical Companies like Hindustan Zinc Ltd.
- e) Characteristics of a good text book and evaluation of a Text Book.

Unit – 5: Evaluation in Chemistry

- a) Evaluation: Concept, Types and purposes.
- b) Type of test items and their construction.
- c) Preparation of Blue Print & Achievement Test.
- d) Diagnostic Testing & Remedial teaching.
- e) Evaluation of practical work in Chemistry.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

Any two of the following:-

1. Life sketch & contribution of any one prominent Indian Chemist.
2. Preparation of scrap book containing original Scientoon (Scientific cartoon) Stories/articles/features/plays/Interview report useful for teaching of Chemistry.
3. Planning an out of class activity to use local environment to teach chemistry.
4. Conducting & reporting two experiments useful at Secondary/Senior Secondary level (other than those in syllaburs).

5. Description & design of any improvised apparatus.
6. A critical study of any one Senior Secondary Lab. of Chemistry.

Books Suggested:

1. Yadav, M.S. Teaching of Chemistry, Anmol Publication, New Delhi, 1995
2. Negi, J.S. & Negi, Rajita, Teaching of Chemistry, 2001
3. Yadav, M.S., Teaching Science at Higher Level, Anmol Publication, New Delhi, 2000

16 PEDAGOGY OF BIOLOGY

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objectives:

To enable the student teachers to –

1. Understand the nature, place, values and objective of teaching Biology at Senior Secondary level.
2. Establish its correlation with other subjects.
3. Evaluate critically the existing syllabus of Biology prescribed for Secondary/Senior Secondary level in the state of Rajasthan.
4. Develop yearly plan, unit plan and lesson for Senior Secondary Classes.
5. Provide training in Scientific method and develop scientific temper among their students.
6. Use various methods and approaches of teaching Biology.
7. Acquire the ability to develop instructional support system.
8. Plan and organize Biological practical in the Laboratory.
9. Organize co-curricular activities and utilize community resources for promoting Science learning.
10. Use method most appropriate to assess the progress and achievement of the pupil that prepare appropriate tests for the purpose (both theoretical and practical).

Course Content:

Unit - 1: *Nature, Scope and Objectives*

- (i) Nature of Science with special reference to Biology.
- (ii) Main discoveries and developments in Biology.
- (iii) Place and values of teaching Biology at Secondary/Senior Secondary Level.
- (iv) Correlation of Biology with other subjects.
- (v) Objectives of Teaching Biology at Secondary/Senior Secondary Level.

Unit – 2: *Curriculum and Planning*

- (i) Principles of constructing Biology curriculum at Senior Secondary level.
- (ii) Modern trends in Biology curriculum: BSCS, Nuffield Biology – O & A level.

- (iii) Critical appraisal of Biology syllabus at Secondary/Senior Secondary level prescribed by Board of Secondary Education, Rajasthan.
- (iv) Planning Lesson plan, Unit plan and yearly plan.
- (v) Qualities and responsibilities of Biology teacher. Teachers role in training students in Scientific method and in developing creativity and scientific temper among students.

Unit – 3: *Methods & Approaches*

- (i) Lecture method, Demonstration method, Lab Method, Inductive & deductive method, Problem solving, Heuristic and project method.
- (ii) Inquiry approach, programmed instruction, Group – Discussion, self study, Team Teaching, Computer Assisted Learning, Seminars and Workshops.

Unit – 4 : *Instructional Support System*

- (i) Multi sensory aids – charts, models, specimen, bulletin-boards, Flannel Board, Transparencies, slides, slides projector, OHP, Computer, T.V. Radio etc.
- (ii) Co-curricular Activities: Organization of Science club, Science fair, field trips and use of community resources.
- (iii) Biology Laboratory: Organization of Biology Laboratory, Arrangement of Apparatus, Care & Maintenance of equipment & specimen, organization of practical work in Biology.
- (iv) Role of State & National level Institutions & Laboratory, Research Centers in Botany, Zoology & Agriculture.
- (v) Characteristic of a good Text Book & Evaluation of Text Book.

Unit – 5: *Evaluation in Biology*

- (i) Evaluation: Concept, types and purposes.
- (ii) Type of test items & their construction.
- (iii) Preparation of Blue Print & Achievement test.
- (iv) Evaluation of Practical work in Biology.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

Any two of the followings:

1. Life sketch & contribution of any one prominent Indian Biologist.
2. Preparation of Herbarium (Scrap book).
3. Prepare any one of the following related to environment education.(i) Poster (miniature)
(ii) Article (iii) Story (iv) Play
4. Designation & description of any two low cost teaching models.
5. Prepare a Radio or T.V. Script.
6. Make a list of local (resources useful in teaching Biology and prepare a lesson plan using some of them.

7. A case study of any one Senior Secondary lab. of Biology.
8. Preparation of 10 frames of Linear & Branching type programmes on any topic of Biology.
9. Construction and administration of Diagnostic test on any one unit of Biology.

Books Suggested:

1. Sood J.K., Teaching Life Sciences, Kohil Publishers, Chandigarh, 1987
2. Sharma, L.M. Teaching of Science & Life Sciences, Dhanpat Rai & Sons. Delhi, 1977
3. Kulshrestha, S.P., Teaching of Biology, Loyal Book Depot, 1988

17 PEDAGOGY OF PHYSICS

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objectives:

To enable the student – teachers to:

1. Understand the modern concept of physics.
2. Understand aims and objectives of teaching physics.
3. Appreciate the contribution of eminent physicists in connection with the development of physics.
4. Plan curriculum at Secondary and Senior Secondary level.
5. Analyze the syllabus of the subject in relation to its applicability to practical situations.
6. Develop scientific attitude and provide training in scientific method to their students.
7. Write the objectives in behavioural terms analyze the content and be skilled in concept mapping.
8. Develop unit and lesson plan.
9. Use various methods and teaching aids with appropriateness of content, level and classroom situation.
10. Plan and organize physics practical in the laboratory.
11. Organize co-curricular activities related to physics.
12. Use methods most appropriate to assess the progress and achievement of the pupils using variety of tools and techniques for physics theory and practical.
13. Diagnose the gaps and misconception in learning physics and take remedial measures.

Course Content:

Unit –1: *Nature, Scope and Objectives*

- a) Nature of science, physics as a fundamental science.
- b) Major milestones in the development of physics.
- c) Contribution of India Physicists, C.V. Raman, M.N. Saha K.S. Krishnan, Narlekar, J.C. Bose, S.N. Bose H.J. Bhabha and S.Chandra Shekhar, Dr. A.P.J. A. Kalam .
- d) Objectives and values of Teaching Physics at Senior Secondary Level.

Unit –2: Curriculum and Planning

- e) Principles of selection and organization of course content and experiences for senior secondary level physics curriculum and characteristics of good physics curriculum.
- f) Correlation of physics with other school subjects and its role in daily life.
- g) Writing of objectives in behavioural terms, content analysis, developing yearly unit and daily lesson plan and concept mapping.
- h) Teachers in planning for developing scientific attitude and creativity among students and for training them in scientific method.

Unit – 3: Methods and Approaches

- a) Demonstration method, laboratory method, project method, problem solving method and assignment method.
- b) Heuristic approach, inductive deductive approach.
- c) Out of class activities like science club, science fairs and field trips.

Unit – 4: Instructional Support System

- a) Physics Laboratory – Planning, equipping and organizing practical work.
- b) State and national level institutes and laboratories (DST, NPT, ISRO, CEERI, RAPS and BARD).
- c) Community resources like science centers/museums, planetarium and solar observatory.
- d) Multisensory aids: Chart, models, over-head projector, computer and Internet, Improvised apparatus.
- e) Textbooks – Characteristics of a good text book and evaluation of text book.

Unit – 5: Evaluations

- a) Type of test items and their construction.
- b) Preparation of blue print and achievement test.
- c) Diagnostic testing and remedial teaching in physics.
- d) Evaluation of practical work.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

Any two of the following:

1. Case study of one senior secondary lab of physics.
2. Description of design of any two improvised apparatus.
3. Planning an out of class activity to use local resources to teach physics.
4. Life sketch and contribution of one physicist.
5. Preparation of scrap book containing original Scientific cartoon/Stories/Latest Articles/Feature/Play Interview report useful for teaching physics.

Books Suggested:

1. Vaidya, N. "The impact of science teaching", Oxford and IBH Publishing Company, New Delhi, 1971.
2. Richardson, S: "Science Teaching in Secondary Schools", Prentice Hall, USA 1957.

18 PEDAGOGY OF ART

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objectives:

To enable the student – teachers to:

1. Understand the importance concept used in the discipline.
2. To prepare unit plans, lesson plans for different classes.
3. Critically evaluate existing school syllabus and text book.
4. Prepare achievement test and diagnostic tests, administer them and analyses the results.
5. Prepare suitable teaching aids and use them in the class-room effectively.

Course content:

Unit –1: *Nature of the subject*

- (i) Structure and rationale of the subject and its place in school curriculum, Art and Society, Art and International Under Standing, The Place of Art in General Education.
- (ii) The Educational Values of Art and relationship with other school subjects. Role of Art in Indian culture and value, development of international understanding.
- (iii) Contribution of Indian Artists.

Unit –2: *Instructional Objectives*

- (i) The aims and values of teaching art.
- (ii) Teaching of art at different stages.
- (iii) General and Specific objectives of teaching art.
- (iv) Development of values and national Integration through art.

Unit – 3: *Instructional Strategies*

- (i) Principals of classroom teaching.
- (ii) Visual aids in teaching art, Role of the black board, art object and reproduction photograph and other aids in teaching art.
- (iii) Qualities of Art Teacher.

Unit – 4: *Instructional Planning*

- (i) Methods of teaching art- Project, Demonstration, Exhibitions.
- (ii) Content analysis

- (iii) Year Plan, Unit Plan & Daily Lesson Plan.

Unit – 5: Evaluation

- (i) Objectives, process based evaluation.
- (ii) Development of test items & Blue Print.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

Any two of the following:

1. Planning an out of class activity to use local resources to teach Art.
2. Life sketch and contribution of one Artist.
3. Preparation of 5 OHP slides.

Books Suggested:

1. George Conard: The Process of Art Education in the Elementary School, Prentice Hall, Inc. England Cliffs, N. I. 1964.
2. Ruth Dunneth: Art and Child Personality, Methuen and Co. Ltd., London, 1945.

19 PEDAGOGY OF MUSIC

Time Allowed: 3.00 Hours

Maximum Marks: 100

(External Theory: 80, Internal Assessment: 20)

NOTE FOR PAPER SETTERS:

Ten questions are to be set from all five units, two questions from each unit with internal choice. The students are to attempt five questions, taking one question from each unit. Each question will carry 16 marks.

Course Objectives:

To enable the student – teachers to:

1. Understand the importance concept used in the discipline.
2. To prepare unit plans, lesson plans for different classes.
3. Critically evaluate existing school syllabus and text book.
4. Prepare achievement test and diagnostic tests, administer them and analyses the results.
5. Prepare suitable teaching aids and use them in the class-room effectively.

Course Content:

Unit –1: *Nature of the subject*

- (i) Music as a typical representation of Indian culture. Origin of music, its relation to religion. Rejuvenation of Indian Classic Music. Similarities between Eastern and Western music.
- (ii) Contribution of great Indian musicians
- (iii) Relationship of music with dancing and poetry and other school subjects.
- (iv) Role of music in Indian culture and values, development of international understanding.

Unit –2: *Instructional Objectives*

- (i) The aims and values of teaching music.
- (ii) Teaching of music at different stages.
- (iii) General and Specific objectives of teaching music.
- (iv) Development of values and national Integration through music.

Unit – 3: *Instructional Strategies*

- (i) Methods and Techniques of Teaching Music.
- (ii) Teaching aids in teaching Music, Equipment and site of the Music room.
- (iii) Singing without reading notations, spontaneity of expression.

Unit – 4: *Instructional Planning*

- (i) Qualities of Music Teacher.

- (ii) Content analysis
- (iii) Year Plan, Unit Plan & Daily Lesson Plan.

Unit – 5: Evaluation

- (i) Objectives, process based evaluation.
- (ii) Development of test items & Blue Print.

Terminal Test= 10 Marks

Sessional Work= 10 Marks

Any two of the following:

1. Write the qualities of any one Music Instrument.
2. Preparation of Music room.
3. Life sketch and contribution of popular Musicians.

Books Suggested:

1. Awasthi, S.S.A., Critique of Hindustani Music and Music Education, Jalandhar: Adhunik Printer, 1964.
